## Addition to Newton-Wellesley Hospital to Include Children's Dept.

It is not easy to realize today that the years of childhood, including particularly the first year after birth, are the most dangerous in one's whole life.

Two generations ago in the eighteenth century when the hospital that has become Newton-Wellesley Hospital was founded, there was grim evidence of the dangers of childhood. At that time one child out of every three died before its first birthday and many more perished in the next few years of life.

The latest statistics available for Massachusetts show that the rate of infant mortality has been cut to only about a tenth of that figure—or to speak precisely, of every 100 children born alive in the state, less than four die during the first year of life.

This remarkable reduction in infant mortality, which doctors of an earlier generation would not have believed possible, has been due almost entirely to the development of pediatrics—the medical art and science of treating the diseases of children.

Some of the most important advances in pediatrics have been the development of formulas and diets for child feeding. By a properly rounded diet, supplemented with needed vitamins, pediatricians have virtually abolished such scourges of childhood as rickets and infantile scurvy which used to take their toll of thousands of babies every year. Thanks to the studies that have been made of child nutrition, the children of today are taller, heavier and stronger.

## Board Of Aldermen Appropriate \$40,000 For Snow Removal Due To Recent Storm

### 2000 Hospital Volunteer Workers to Be Honored at Nurses' New Home

Official recognition of the services of nearly 2,000 volunteer workers who have aided Newton-Wellesley Hospital during the war period will be made Sunday afternoon at a Volunteers Day program to be held at the Nurses' New Home, it was announced today by Clifford H. Walker, president of the hospital's board of trustees.

Invitations to attend have been sent to volunteers who have served in the Hospital Aid Association's coffee and benefit shops, to officials of the Aid Association, to chairmen of village groups of the American Red Cross and to about 1,400 independent volunteers.

A feature of the program will be the presentation of the official service pins of the American Hospital Association to 765 men and women who have given 100 hours or more of service to the hospital. A social hour with music and refreshments also is scheduled.

In commenting on the plans for Volunteers Day, Mr. Walker said: "The board of trustees and the administrative and medical staffs of Newton-Wellesley Hospital feel a deep sense of gratitude to the hundreds of citizens whose sincere

interest and untiring efforts have been of such great assistance in enabling our hospital to function efficiently despite the labor shortage of the critical war years. Any recognition we can make is richly deserved."

Mr. Walker pointed out that as an indication of the importance ascribed by hospital officials to the work of volunteers, the plans for the greater Newton-Wellesley Hospital, for which a \$2,250,000 building fund now is being sought, call for the remodeling of the ground floor of Founders' Memorial into a headquarters for volunteers with a lounge, office facilities and locker room.

In addition to Mr. Walker, members of the committee in charge of plans for Volunteers Day include Mrs. Theron B. Walker of Newton Highlands, president of the Newton-Wellesley Hospital Aid Association, Mrs. E. Stanley Hobbs Jr., of Weston, director of volunteers at the hospital, Gerhard Hartman, director of the hospital, and Miss Mabel McKivier, B.S., R.N., director of nursing and principal of the School of Nursing at Newton-Wellesley Hospital.

### Adams of Tech Engaged to Advise On Newton Cor. Impr.

Mayor Paul M. Goddard has announced that Professor Frederick J. Adams of the Architectural School at Massachusetts Institute of Technology has been engaged to assist the special committee of the Newton Board of Aldermen in studying the project for extensive improvements at Newton Corner square.

Alderman Theodore R. Lockwood is chairman of this committee which consists of Aldermen Donald L. Gibbs, Fred Alexander, Arthur H. Cox and Wendell R. Bauckman.

The plan which calls for demolition of several buildings so that the thoroughfare may be widened, establishment of a bus terminal, and relocation of the Boston Elevated tracks, was outlined more than a year ago and recommended by the Newton Planning Board.

An appropriation of \$250 has been made by the Board of Aldermen for the payment of the fee of Professor Adams.

### Sgt. Gramzow, Killed in Accident In France

Sgt. William F. Gramzow, Jr., son of Mrs. Helen A. Gramzow of 58 Walnut park, Newton, was killed in a trolley car accident at Marseille, France on October 28, according to word received from the War Department by his wife, Mrs. Mary J. (Loughan) Gramzow of Squantum.

Sgt. Gramzow in a letter written to his mother had stated that he expected to be home by December 15. He entered the service in June 1943 and was stationed in September, 1944. He was attached to the Ordnance Department.

Besides his wife and his mother he leaves a two year old daughter, Mary A., a sister, Mrs. Arthur C. Welch of Newton, and two brothers, Lt. Col. John G. Gramzow who has been stationed in France and Sgt. Thomas Gramzow who was recently discharged from the Marines after 20 months' service in the Pacific.

### Also Vote \$52,800 to Supplement State Department Budget

Following a lengthy discussion in committee meetings the Newton Board of Aldermen on Monday night voted 1 to 2 to appropriate the sum of \$52,800 to supplement the budget of the street department, an appropriation for this purpose having been requested by Acting Street Commissioner Harold F. Young and recommended by Mayor Paul M. Goddard. The two members of the Board who voted in the negative were Aldermen Warner Eustis and Donald L. Gibbs.

In addition the Board appropriated the sum of \$40,000 for snow and ice removal due to the recent storm.

A petition of Auburndale residents requesting the city to improve the so-called "chicken ladder" which is a short cut to the Riverside Railroad station, was rejected, the Board giving no reason for the rejection.

Projects approved by the Board were \$14,000 for the construction of Linwood avenue under the betterment law; \$8,500 for construction of Melville avenue; \$650 for a drain in Linwood avenue; \$750 for a drain on private land; \$3,600 for betterment on Woodcliff road from Alexander road to Elinor road.

On motion of Alderman Warner Eustis the Board of Aldermen at 1:30 Tuesday morning unanimously adopted a resolution calling upon President Joseph B. Jamieson to appoint a committee to investigate the possibility of lightening the work of the board in order to reduce the length of the meetings.

## To Organize Council of Village Improvement Associations

A meeting of the Newtonville Improvement Association was held Thursday evening, November 29, in the Central Congregational Church, with several members of other improvement associations in the city present at the invitation of the Newtonville Association.

The meeting at which Pres. William R. Mattson, presided was held for the purpose of Improvement Associations of Newton to act on civic matters effecting all of Newton rather than purely local matters.

It was voted by those present to form such a council, the details of organization to be worked out later; also that each association appoint a delegate to serve on a committee to draft a proposed constitution and by-laws for the council which shall later be presented to each association for approval.

The subjects talked about at this meeting were the change of Route 128 outside of the city; the railroad smoke problem; illegal 2-family houses in private zones; billboards; general zoning; school projects; mosquito control; parking and a proposed community center.

There are now several improvement associations in the city including the Newton Centre, Newton Lower Falls, Newton Upper Falls, Newton Highlands, Newtonville, Oak Hill, Charlemont, Waban, and Thompsonville Improvement Associations and the West Newton Men's Club.

## Newton District Nursing Assn. Hears Dr. Stare Speak on Nutrition Problems in Europe

RUTH DIEHL Soloist At Highland Glee Club Concert, Dec 11

By Geo. H. Wight  
The Highland Glee Club of Newton, Inc., presents its first concert of the season next Tuesday night, December 11, at the Newton High School Auditorium, Newtonville, at 8:15 P. M.

(Continued on Page 3)

Members of the Newton District Nursing Association and their guests had the unusual opportunity of hearing Dr. Frederic J. Stare, eminent authority on nutrition and director of Public Health, Harvard University, speak on "Nutrition and Post-War Rehabilitation Problems" at the Second Church, West Newton, recently. Dr. Stare, recently returned from Europe where he was sent to conduct a survey by the Surgeon General of the United States Army, found, with the exception of Holland, that the nutritional condition of Europe much better than we have been led to believe. Holland needs food, and because the Dutch people cooperated least with the Germans, blew up bridges and factories, they were deliberately starved for five years. Many Europeans were hungry, but there is a great difference between hunger and starvation. It is Dr. Stare's opinion that it will take much food and time to repair the damage inflicted by "organized starvation" in Holland, and the pictures of children which he showed, bore out his theory. The Germans who have been quite well fed, realized the importance of food for the coming winter and planted heavily in the areas they hoped to draw on. Except in one or two areas, Czechoslovakia had

### VICTORY LOAN, The Last!

If every citizen of Massachusetts would buy one \$37.50 E Bond, we would reach our goal of \$65,000,000. Surely this is not a lot to ask of each individual as their share of the Victory.

Our enthusiasm for our country and our understanding of the meaning of War must be both earnest and sincere. This loan must be a success. It's the VICTORY loan and we shall show all peoples everywhere that Americans have not lost that feeling of responsibility toward each other which must be the keystone to any effort we make in building a world of peace and prosperity.

### Urges Careful Driving

Ice coated pavements, cars a year older than they were last year, tires a little smoother, and motorists exuberant over being able to buy the gasoline they want, make a bad combination for traffic safety. Horace C. Houghton, president of the Massachusetts Safety Council, warned today.

"The best time to prevent skidding accidents," he said, "is just before you step on the starter. That's the time to make sure your anti-skid chains are in place on your rear tires, and that your windshield wipers and defrosters and headlights are in good working order.

"Reduced traction and poor visibility are the twin causes of a great majority of winter traffic accidents, particularly under conditions such as those prevailing today, and these are the precautions to take.

"But even after skid chains are in place, and windshield wipers, defrosters, and headlights are in good shape," he warned, "accidents will occur unless motorists exercise proper care in the operation of their cars.

## Politics With Color

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the views or policy of this newspaper.—Editor's Note.)

### Snow Removal

The biggest headache which confronts our public servants in the winter months is the problem of prompt and efficient removal of snow. When an unexpected blizzard hits us, the situation is even more embarrassing. Furthermore, the general public is inclined to think chiefly of its own comfort and convenience at such times and to overlook any and all difficulties in rendering perfect public service.

Now, it is true that the war is over and that we should begin to see a return to peace-time conditions. However, the cold, hard fact is that we are NOT changing over nearly as rapidly as we anticipated. Take the question of new equipment for example. You don't see a lot of new trucks and other snow removal apparatus, do you? Whose fault is that? Certainly not Mayor Goddard's or any department head's. Our city government has been forced to use old equipment which has been steadily depreciating each year. The labor problem is equally acute. How many citizens realize that the lush war-plum days are still fresh in the minds of many workmen who would ordinarily be glad to work for the city? It is a fact that there are times when it is practically impossible to hire help AT ANY PRICE. Whose fault is that? Somebody at City Hall? I do not think so. Furthermore, I doubt if the combined brains of all those who have been victorious in their complaints during the past week or so would be able to solve the snow removal problem.

Let me cite an experience of my own last week, just to show that the picture is not too dark. The secretary of a prominent doctor living in Chestnut Hill, a man whom I have known for many years, phoned me Saturday evening and asked me to do what I could to get the doctor dug out. He had been forced to rely on taxis all day and had had several emergency operations to perform at hospitals. Immediately I contacted Mayor Goddard, who was even then touring the city to get a first-hand report on the snow situation. He called me back shortly and promised to drive over to the doctor's street, which runs off Beacon street near Hammond parkway. Still later he phoned to advise me that in this particular case there was just cause for complaint. Sunday morning, quite early, the Mayor phoned me once more and advised me that he had sent a small crew of men over to the doctor's street and that all was now well. The M.D. phoned me before dinner on Sunday and expressed his great appreciation for the service rendered. Incidentally, he told me that the street department has always been most co-operative and has even taken the trouble to sand his driveway during bad storms in previous years.

### UNO Headquarters

One of the best radio broadcasts I have heard for years was the one reporting the recent presentation of Boston's bid for housing the headquarters of the UNO. Every member of the special commission appointed by Governor Tobin gave his personal impressions of the affair. All agreed that our Governor had done a masterful job, both personally and as leader of the delegation of experts. What will happen now, anybody's guess. Obviously, there is nothing to get steamed up about until a decision has been handed down as to whether or not these headquarters shall be located in Europe or the United States. England, curiously enough, is still holding out for a European location. Inside dope, however, is that our favorite ally may in the end swing over to our side.

It seems to me that if our country gets the nod, Boston's chances are excellent. Those who should know best say that only four cities were seriously considered in London. Our real rivals appear to be Philadelphia, San Francisco and Chicago. Incidentally, that is about the order in which they are rated.

### The Kindly Democrats

It is delightful to note the solicitude of the Boston Democrats for the welfare of the Republican party. They appear to have no problems of their own, despite the fact that they are engaged in Mr. Curley's trial in Washington, assisting the G.O.P., in the selection of a gubernatorial candidate for 1946. They seem quite certain that Robert F. Bradford will have opposition, even if it is necessary for the Democracy to draft a Republican. Henry Cabot Lodge is the man they are talking about now. If the Democrats cannot persuade Lodge to run, they will doubtless come up with some other candidate. They point out that a contest would ruin the party by splitting it wide open. Possibly the wish is father to the thought.

### Present Dr. and Mrs. Myers December 6

Dr. Gary C. Myers, Ph. D., Editor in Chief, "Children's Activities" magazine, and Mrs. Gary C. Myers, Associate Editor, "Children's Activities" Magazine, will present a dialogue on "Our Children in the Post-War World," at the Newton High School Auditorium Thursday, December 6, at 8 p. m.

Dr. and Mrs. Myers, who are specialists in their field, have been invited by Norumbega Council, Inc., Boy Scouts of America, to give their dialogue to parents and friends of Scouting. There is no admission fee.

## Dining With Jane and Bill

Mary (next-door neighbor): Your husband has surely been bragging about what a good cook you are.

Jane—Well, it's fun to fix things for Bill. He and Junior like everything.

Mary—Oh, that does make a lot of difference. I notice our two do much better when we don't talk about not liking this and that at the table and just go ahead and eat everything.

I came over for something. Let's see what it was. Oh, yes, I remember, your recipe for sweet-potato pie.

Jane—Oh, did you like that?

Mary—I thought it was swell when you had it last week at the bridge.

Jane—Yes, several people have asked me for the recipe. Wait a minute and I'll get it for you. By the way, I'm using a lot of sweet potatoes just now; the supply seems plentiful in the market and they are a pretty good buy, too. Sweet potatoes are such a large source of vitamin A that I like to get them into our meals a couple of times a week.

Mary—Are sweet potatoes better for you than white potatoes?

Jane—No, not necessarily. Sweet potatoes do have vitamin A while white potatoes don't, but white potatoes are a pretty good source of iron, vitamin C, and also have small amounts of the B vitamins.

Mary—Yes, the kids love a nice baked potato. Some of the little potatoes I have been getting at the store I scallop with milk and they are crazy about them that way, too.

Jane—Yes. Here's the recipe for the sweet potato pie. Just take it along and copy it down.

Recipe for Sweet Potato Pie:

Ingredients: 2 tablespoons fat, melted; 1/2 teaspoon salt; 1/2 cup corn syrup or sugar syrup; 1/4 cup orange juice; 1 teaspoon grated orange rind; 2 cups mashed sweet potatoes; 1 or 2 eggs, separated; 1/2 cup milk. To make: Add fat, salt, syrup, orange juice and grated rind to the hot mashed sweet potatoes. Add beaten egg yolks and milk. Beat well. Fold in stiffly beaten egg whites. Pour this mixture into a 10-inch baked pie shell and bake in a moderate oven 30 to 40 minutes.

## LETTERS TO THE EDITOR

### Letter to the Editor

To the Editor of the Graphic:

So this is progress! Formerly, at least, it was possible to find a public library open in Newton on Sundays. True enough, only the main building opened its doors on the Sabbath, and that only during a few winter months when travel from other parts of the city was most difficult. However the main building bears the stern legend: Closed permanently over the entrance. Needless to say, there is no library service on holidays also.

Is Newton really a center of enlightenment? Is the community mentally and aesthetically on the upgrade—or is its vaunted culture a sham? Yes everybody who is anybody goes to church on Sunday mornings. If church attendance be the criterion, then Newton people are among the most cultured on earth!

But what does the sedate Newtonite do for the rest of the day? The town's libraries are shut as tight as if they were dens of iniquity. There are no art galleries or concerts; the Sunday Boston papers are impossibly banal. Exhibitions of paintings such as that of last summer at the Newton Centre Women's Club are hermetically sealed, as if in fear that businessmen might get some aesthetic ideas when they should be none reading the dreadful comic weeklies or marveling at the feats of superman.

The fine success of the Civic Music Association in many communities such as Waltham, Beverly and Framingham was achieved despite the disdain of Newton people who in the main have shown little interest in a program that brings great musical talent to the Association's concerts. Only the Highland Glee Club, a splendid group, are an exception to Newton's indifference. Newton looks down on Waltham, but on what grounds can it claim to be superior?

And the movies! You can see a motion picture on a Sunday afternoon, but you can't hear two-thirds of it. If, as Goldsmith said, the old laugh speaks the vacant mind, then a large majority of the younger element (and up to 25 years of age) have vacuums where their brains should be. Fine wit or repartee is absolutely lost on a Newton audience—but everything tragic arouses such a deafening vocal response that the next five or ten sentences are inaudible.

Some day I hope to return to Brooklyn (I can't leave too soon, your readers will doubtless say) where libraries are not only open on Sundays, but are thronged with enthusiastic book lovers and seekers of knowledge—where theatre audiences are civilized beings—where people flock to fine museums and concerts—where dogs are on leashes and there are no 16-year-old hoodlums licensed to drive cars to junior high schools.

And one of the persons that New Yorkers or Brooklynites are so far ahead of Newton mentally and aesthetically is the large percentage of Jews with their intense urge for self-improvement. Those of your readers who are anti-Semitic—and who have no urge for self-improvement because they feel that they have already reached a state of perfection—may well ponder this fact.

Yours truly,  
Leonard Monzert

## Merchant Marine Veterans To Hold Convention

Announcement that the World War Veterans of the American Merchant Marine will hold their annual convention and banquet on Saturday, December 15, at the Hotel Essex, Boston, at 12 noon, has been made by Past Commander Albert Lyons of Capt. Corkum Post of Newton.

The program will include a report on Congressional Bills, 2346 and 2449, Merchant Marine Bill of Rights legislation introduced by Representative Peterson.

Paul Lawrence is chairman of the convention and Leo Golding, 352 Riverway, Boston is in charge of reservation. Past Commander Lyons is in charge of the membership campaign.

Moynihan, former central district court associate judge of Northern Essex County, who came to OPA in April, 1942, will be succeeded by Atty. Frederick A. McDermott of Needham, present OPA regional rationing executive and former regional rationing attorney, Shoup said.

Moynihan, in submitting his resignation, said: "At the beginning of my OPA career, I was granted a leave of absence by Boston College Law School and now with the re-opening of the school about the middle of January, I feel that I should fulfill my pledge to the school to return when needed. That time has just arrived and I leave the OPA with great regret."

## Northeastern Univ. Recipient of Gifts

Pres. Carl S. Eli has announced that Northeastern University has been the recipient of four gifts including the entire personnel library of Dean Harry E. Clifford of Newton, dean emeritus of Harvard Graduate School of Engineering.

The Clifford gift is made up of books, papers and periodicals on electrical engineering. A graduate of M.I.T. in 1880, he was dean at Harvard from 1930 to 1937. He received an honorary degree from Northeastern University in 1937.

Other gifts include a cooperative fuel research engine from Arthur D. Little Co., Cambridge, a grant by the Dewey and Almy Co., Cambridge in aid of research in cement and concrete technology, and a military precision illuminating level from C. E. Berger Sons, Jamaica Plain.

Dr. Anderson Speaks At Warren P.T.A.  
Dr. Homer Anderson, Superintendent of Newton Schools, will be the principal speaker at an organization meeting of the Parent Teachers Association of the Levi S. Warren Junior High School of Newton to be held in the auditorium Tuesday night, December 11.

His subject will be "The New School Building Program." There will be a short business session and election of officers. Other speakers include Henry Cummings, former president of the Warren P.T.A., who will speak on "P.T.A. Functions," and William C. Greene, president of the Newton P.T.A. Council.

## NEWTON In The Past

55 Years Ago

The touch of winter this week was very Decemberish, and the high winds and dust proved a very unpleasant combination.

The foundation for the new patrol station in West Newton is rapidly progressing.

The Pierce Grammar School building is undergoing extensive repairs.

A large stock and great variety of Christmas goods at Williams' dry goods store in Newton Centre.

The Catholics, we understand, are talking of removing the pations in the lower part of the Richardson house, Newton Centre, and so making a hall which would answer to hold services in until they feel able to build.

Carr's new stationery and toy store was opened to the public Saturday evening (Newtonville).

The drill shed (Newtonville) seems to be coming and the village and Maj. Benyon made a progressive step Monday evening, when both branches of the city government passed an order providing for an appropriation for plans and specifications.

One of our barber shops will change its name next week (Newton Lower Falls.) Mr. Henry Wyatt has purchased the opposition business and will control both shops here. Geo. Saunders will locate in Wellesley Hills.

50 Years Ago  
St. Mary's church, Upper Falls, has recently been fitted throughout with steam by the American Radiator Co., and will thus render it much more comfortable during the coming cold weather.

The Blue Book of Newton, with all the latest changes in addresses, is now ready. It makes a very handsome directory, and as it has been compiled with great care, it will be a necessity to every citizen.

H. W. Pierce has sold out his business in Newtonville, to the H. W. O. Co., who will carry it on, and will pay special attention to hardware, so that the ward will not be without a first class hardware store.

Bradshaw's sweet home candy store will be open for business December 9, at its new location, corner of Washington street and Washington terrace, Newtonville.

The car at the end of the Lower Falls Street Railway has at last been changed from an open one to a closed one, greatly to the satisfaction of the patrons of the road who are not fond of waiting in an open car while the temperature is around thirty degrees or less.

It is said that Hubbard's (Newtonville) display of flowers in his window, made of crepe paper, is equal to any yet shown in Boston. Do not fail to see them.

During the storm of Monday night one of the electric light wires fell in the street near the bridge. Consequently the village of Auburndale was in darkness with the exception of gas lights.

With houses going up so rapidly in Waban and new families constantly moving in, it is hoped that we may soon be able to support a cab at the station. Besides being a great convenience it will afford some amusement for residents in the line of struggling for first place, or more properly speaking first ride.

25 Years Ago  
Seventy men have enlisted in the recently organized company of the National Guard of this city, and drills are held on each Monday night.

The committee in charge of the Red Cross Membership drive in this city report a total of 11,500 members in this city. A number which is considered remarkably high and shows what splendid work the local committee have done in this matter.

The Auburndale Club, organized to continue the first spirit created by the Auburndale unit of the Newton Constabulary, has been hard at work the past few months to obtain a home of its own. Its efforts have been so successful that on Friday night, its members were invited to inspect the Briggs property, corner of Melrose and Ash street, which has been purchased by officers of the Club. About 100 gentlemen were present and inspected the house from attic to cellar, each room being labelled to show its future use. The club now has 215 members and about \$12,000 of the proposed \$15,000 has already been pledged by 112 persons.

Considerable public interest was manifested Monday evening at the meeting of the aldermen in the proposition to take for municipal purposes, the land bounded by Commonwealth avenue, Homer and Walnut streets, Newton Centre.

"Me...I'm staying  
in the Army!"

THERE ARE PLENTY  
OF REASONS...  
AND HERE THEY ARE!"

- 1 "First, I keep my present grade. That means a lot.
- 2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.
- 3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.
- 4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.
- 5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.
- 6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

JANUARY 31, 1946

AN IMPORTANT DATE  
FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1½, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

not been badly destroyed and there seemed to be plenty of food in the country. In listing Europe's needs, Dr. Stace places food fourth in the list which is composed as follows: 1: Transportation; 2: Coal; 3: Clothing; 4: Food. He believes that every effort should be made to get powdered milk to children and that Holland, worst starved of any of the German-occupied countries, should have milk powder, wheat, sugar, fats and cheese for two or three years. Mrs. John F. Brown of Auburn, is president of the Newton District Nursing Association, and was assisted in the evening's program by Mrs. Charles J. A. Wilson, Mrs. Irving J. Fisher, Mrs. Winslow R. **Glee Club—**

(Continued from Page 1)

Through the columns of this paper, you have, we hope, become familiar with our plans this season and perhaps, for that reason, know more about our intense desire to have the support of the musical public of the City of Newton.

The Highland Glee Club has been in existence since 1908 and there has never been a season when we have not presented our two concerts to a group of loyal supporters to whom we owe a debt of gratitude. Without their encouragement, there would have been moments of apprehension. Frankly, we want your assistance and, in all modesty, feel that a male organization, such as the Glee Club, can be regarded as an asset to our City.

We have from time to time brought to our sponsors soloists of national importance, in fact, artists who attract attention at Symphony or Jordan Hall. Among the best that have been presented by the Club in the many years of our existence, none have been received more enthusiastically than Miss Ruth Diehl, soloist at our December 1944 concert. This is not surprising since her art is being recognized as outstanding. One could easily group from her press notices extravagant praise representing a cross section of the outstanding music critics of the country. Better than all this, however, is the pleasure of hearing this superb soprano sing in the intimate atmosphere which characterizes our concerts. To quote one of our patrons—"I have personally referred often to her singing of songs or interpreting oratorio as the kind of artistry which leaves with the hearer a deep and lasting impression."

At our March concert, we shall present Alan Booth, pianist. We can assure you that he will contribute greatly to our March concert. He is the son of Mr. and Mrs. Beverly Booth of Newton Centre. More about our March concert in later issues of the Newton papers.

Sponsoring Memberships at \$3.61, including tax, are available through any of the active members or by addressing Walter H. Sears, 27 Brookline Avenue, Newtonville. Single tickets are available at the box office at \$1.20, including tax.

**Weeks—**

(Continued from Page 1)

Cabot. Mr. Week's subject was "Trends Affecting Business." "We have just finished a long and cruel war," Mr. Weeks told the audience, "and we are facing a post-war era that will try the souls of all men. The speaker pointed out that the government has accumulated a debt of 300 Billion Dollars and that we are faced with an era of managed fiscal affairs. We have been engaged in deficit financing. If we continue deficit financing, nothing but trouble lies ahead. 'Too much management defeats the happiness of the people,' he asserted. Mr. Weeks stated that an important keynote of the economic arch is Production. 'We haven't produced anything for four years except things to be destroyed,' he continued, 'we must put merchandise on shelves and in circulation.'"

Speaking of wages Mr. Weeks said that it is well known that the dollar has been cheapened after every conflict. The wage question is not always stressed from the right angle. What should be stressed is the purchasing power of wages. Money is worthless if it can't buy anything. We must create wealth. If production is retarded we will not have prosperity.

A catered supper was served at 6:30 by Mrs. Johnson.

er than the children of the last generation and are correspondingly more healthy.

The modern protection of child health begins even before the child is born, with special regimes and diets for expectant mothers. Another important factor in insuring healthy babies is hospital maternity care. In contrast to a few decades ago when most children were born at home, 72 percent of all babies are now born in hospitals with all the advantages of expert scientific medical care and a corresponding reduction in infant and maternal mortality.

The reason for specialization in the field of pediatrics is a double one. First, the diseases of childhood are quite different from the illnesses of adults, and the same disease may attack adult and child in radically different ways, often producing diverse symptoms. An instance of this is acute sinusitis which in children has none of the symptoms shown by adults but which is far more serious and requires special treatment.

Pediatricians have learned that the growing pains of children and sometimes their "crankiness" which were formerly ignored may sometimes be symptoms of dangerous diseases. One of the most ominous of these almost hidden diseases of childhood is rheumatic fever, which without proper diagnosis and correct care in its early stages may run its course unsuspected and leave its victim with a heart permanently impaired. Pediatricians have become expert in the diagnosis of rheumatic fever and, as a result, thousands of children each year are spared a life of invalidism.

Some of the deadliest diseases to which children fall victim have already been brought under control by the steady advance of pediatric science. Among them are diphtheria and scarlet fever. Other, like whooping cough and measles, are no longer as dangerous, thanks to improved methods of treatment. But there are still other diseases, cures or effective treatments for which still remain to be uncovered. Perhaps the most important and lethal of these is poliomyelitis, which kills or cripples hundreds of children each year and even thousands in years when the country suffers from an epidemic.

A key department in the new enlarged Newton-Wellesley Hospital which is the goal of the present \$2,250,000 building fund will be the new children's department which will occupy most of the second floor of the addition to the main building. Here in private and semi-private rooms and cubicle wards there will be accommodations for 28 children. Children from communities in the hospital's service area will benefit from the treatment prescribed by the pediatricians on the hospital's staff and the latest in scientific care because of the expansion of this department, which is dedicated to the proposition that good health in childhood is the basis for good health throughout life.

## Mahoney Named Police Captain

William P. Mahoney, a member of the Newton Police Department for 35 years, was promoted to captain of the department by Chief of Police Nicholas Vedeccio, on Saturday, and assumed his new duties on Sunday.

Capt. Mahoney's name was first on the list of the three candidates certified for the position by the Civil Service Commission following the examination which was open to lieutenants and sergeants. Sgt. Patrick J. King and Sgt. Philip Purcell, both attached to the bureau of criminal investigation, were tied for second place in marks received in the examination.

Capt. Mahoney was born in Watertown and moved with his parents to Newton when he was four years old. He was a member of the class of 1906 at Newton High school. As a patrolman he served in various parts of the city and was promoted to sergeant May 5, 1922 and to lieutenant, Feb. 14, 1934.

He is married and resides at 23 Washburn street, Newton. He has three daughters, Mrs. John P. Farrell of Newton, Mrs. Martin Torrey of Newton Highlands and Miss Pauline Mahoney, and two

sons, Cpl. William P. Mahoney, Jr., in Germany and Pfc. Robert F. Mahoney stationed in Texas.

## LoChiatto, Director Of Italian-American Democratic Comm.

Frederick A. LoChiatto of 174 Adams street, Newton, was unanimously re-elected for a two-year term as director of publicity of the Italian-American Democratic State Committee at a meeting held Sunday at the Copley Plaza Hotel, Boston, attended by Democratic leaders from all parts of the state.

Mr. LoChiatto conducts a printing and publishing business in Newton and is well known in state Democratic circles. In the last state election, he acted in an advisory capacity to Paul D'Agostino, chairman of the committee, who is now a member of the Industrial Accident Board. Mr. LoChiatto refused a Federal appointment from Congressman John McCormack last January in order to devote his time to his publishing and printing business.

Apple production in Massachusetts commercial counties was estimated on October 1 at 574,000 bushels, only 21 percent of last year's 2,747,000 bushels.

## Military Honors for Frank Rezutti

Full military honors were accorded Frank Rezutti of 18 Beecher place, Newton Centre, veteran of World War I, who died on Sunday, November 25, a group of 40 members of Sgt. Carson Post 141, American Legion serving as a guard of honor.

Besides his parents he is survived by a brother, Anthony Rezutti.

## English Duo to Entertain at Newton Centre Woman's Club

Daughters of Club Members will be guests at the regular monthly meeting of the Newton Centre Woman's Club on Friday, December 14, at three o'clock. Preceding the program, coffee will be served at 1:30 and a business meeting will be held at 2:30.

The English Duo, Viola Morris, soprano, and Victoria Anderson, contralto, will entertain with songs of many lands appropriate to the season. Australian born, these friends joined forces after their voice teacher suggested they try a duet. The remarkable blending of their voices decided them to specialize in this art. Further study in London resulted in the forming of the English Duo. Soon their fame travelled back to Australia, and two successive tours of their native land were followed by concerts in the Dutch East Indies, New Zealand, Hong Kong, Honolulu and Hawaii. After their American debut in 1940 they toured the United States and Canada. They have sung at the White House and at Government House in Ottawa before the British Royal

Family. Considerable research in the field of duo music has resulted in a book of their song discoveries and an album of Victor recordings.

In the Gallery of the Clubhouse there will be an exhibition of photographs from the collection of Mr. Cecil B. Atwater. Opening on the fourteenth it will continue for two weeks. Mrs. Ralph Hudson is in charge.

## Newton Club Activities

Newtonville  
Woman's Club

The Newtonville Woman's Club held their regular meeting at the Clubhouse on Washington Park, Tuesday afternoon, December 4th. Miss Estelle G. Marsh, president, called the meeting to order at 2:30. The singing of America, the Beautiful, was led by Mrs. Orrin J. Petrie, with Mrs. William F. Ferrin, at the piano. The salute to the flag followed. During the brief business session, announcement was made of the Christmas sale to be held at the next meeting on December 18th; a request for gifts for the men at the Marine Hospital in Brighton, to be hung on the travelling Christmas tree, sponsored by the Grey Lady group working at the hospital.

Mrs. Philip E. Goodhue, chairman of the Art committee, and sponsor of the many outstanding exhibitions previously shown at the Club, introduced Mrs. Frank E. Morris, whose water colors and oils were on view in the Social hall. Mrs. Morris, who is a past president of the Club, and Mr. Morris, spent last winter in Mexico, principally at San Miguel Allende, where they made many delightful sketches of the life in that sun-drenched Mexican village. Forty charming views were on display.

Mrs. Arthur W. Cornell, Twelfth District Director of the Massachusetts Federation, brought greetings from the State Society. It was very gratifying to the members of the Newtonville Club to hear the splendid praise given their president, Miss Marsh, and to hear of the affection in which she is held. The Club also was praised for its outstanding work along philanthropic and civic lines.

The club enjoyed the singing by Mrs. William F. Ferrin of a group of songs by Mme. Lisa Lehman and Mrs. H. H. A. Beach. Mrs. Edwin P. McGill, chairman of programs, as usual had a superior attraction for the members, Ranzky, who spoke on "Astronomy versus Astrology." Ranzky explained that astrology is far older than the science of astronomy, and is a complete science in itself. Every one of the twelve signs of the zodiac was discussed and explained, their relationship and influence upon each other described in a most interesting and entertaining manner.

At the tea which followed in the Social hall, the members had an opportunity of enjoying the paintings by Mr. and Mrs. Morris. Pourers at the attractive tea table were, Mrs. Arthur W. Church, Mrs. Frederick E. Drew and Mrs. John H. Eddy.

## Mather Class

The Mather class will meet at the First Baptist Church at 9:45 on Sunday morning, Dec. 9. Subject, "Science and the Future: Radar in War and Peace." Round table with Mr. William L. Snow, 1016 Centre street at 6 p.m.

Auburndale  
Woman's Club

A Christmas programme of music will be held at the next meeting of the Auburndale Woman's Club on Tuesday, December 11th, at 2:30 p.m. Edith Stearns, pianist and Helen Bedford, harpist, will be the guest artists, and Christmas carols will be sung during the meeting. Ladies from the Walker Missionary Home will be guests of the Club, and refreshments will be served.

Mrs. Thomas McFarlin will be Day Chairman. On Monday, December 10th, at 3 p.m. the Music Group will have their Christmas party at the home of Mrs. Paul Tardirel on Maple street.

Lucy Jackson  
Chapter, DAR

The annual Christmas Sale at 10 a.m. and a birthday party following its regular meeting at 2 o'clock, are announced by the members of Lucy Jackson Chapter, Daughters of the American Revolution, as features of its forty-ninth anniversary on Monday, December 10th, at the Chapter House in Newton Lower Falls.

Mrs. John P. Holmes and Mrs. Edwin H. Place, chairman and vice-chairman of the House Committee, are in charge of the Christmas Sale. Chapter members who are chairmen of tables are: Mrs. Arthur S. Tucker, Christmas greens; Mrs. Benjamin G. Rae, garden; Mrs. Edward K. Titus, books; Mrs. William L. Vosburgh, food; Mrs. Walter R. Amesbury, aprons; Miss Louise R. Sherman, treasure chest; Mrs. Harold W. Knowlton, household; Mrs. James G. Patterson, gifts and baby; and Mrs. Edward B. Parker, children. Mrs. Gustav A. Hagen will supervise decorations. Luncheon will be served at 12 o'clock by Mrs. Edgar W. Allen and her committee. Soloists at the meeting will be Miss Laurelean Reed, accompanied by Mrs. Holcombe J. Brown, Mrs. Frank S. Larkin, regent, will preside, and there will be group carol singing.

Mrs. Lester J. Lishon and Mrs. Fred Penne are co-chairmen of Hostesses for the Birthday Tea.

## Social Science Club

Representatives from Boston Universities Guidance Center will be the speakers at the meeting of the Social Science Club of Newton on Wednesday morning, December 12. The topic will be "Guidance and Counseling." Mrs. Donald Baker and Mrs. Clarence Smith will be the hostesses.

Newton Junior  
Community Club

The third regular meeting of the Newton Junior Community Club was held on Monday evening, December 3, at 8 o'clock, at the Newton Y.M.C.A., with Miss Jane Mansfield, president, presiding. After a brief business meeting, the program was turned over to Miss Gwendolyn A. Ford who was in charge of the meeting.

Miss Ford, chairman of the membership committee, introduced Miss Lillian Fletcher of Newton Highlands, who was guest speaker. Miss Fletcher, a representative of Northeast Airlines, told how she happened to enter the field of aviation, and explained the various requirements to work for Northeast Airlines, training given, and gave a brief resume of the various departments of Northeast Airlines. At present, Miss Fletcher is in charge of the training of each individual stewardess for the company, and exemplified her program. In conclusion, Miss Fletcher took members on an imaginary flight in one of the planes from Northeast, illustrating her talk by describing personalities encountered via air travel, and problems which a Northeast stewardess must handle tactfully. At the close of her talk, refreshments were served by Miss Ford and her committee, followed by a social hour.

## Lions Club

The Lions Club heard an interesting talk by Harold L. Ramsey of Newton Highlands, a member of the State Division of Forestry speak on the subject of "The Suppression of Cynipid and Brown-tail Moths." Mr. Ramsey in a very informal manner told of the tremendous damage which bugs of all kinds cause throughout the State. He also mentioned many ways in which the public in general, and home owners in particular, can help, chief among which was the proper care of trees and the removal of any diseased ones. At the conclusion of his talk interesting movies were shown.

The speaker was introduced by Charles Monahan, who came in for considerable kidding as the speaker mentioned that many valuable insecticides could be purchased from Charles's place of business.

The meeting was presided over by Asa D. Blakeslee and was followed by bowling.

## Whiting Chapt., DAR

The Lydia Partridge Whiting Chapter, Daughters of the American Revolution will hold their Christmas Meeting December 11th at the Newton Highlands Club Workshop. The guest speaker is to be Mrs. William H. Lang, and her subject is "National Defense." The entertainment is a musical program and the musicians are Virginia Saddle, soprano; Edna Tuckerman, cellist; Gladys Eastman Walker, accompanist. Hostesses for the meeting are Mrs. Edward W. Egan, Mrs. Edward Fletcher, Mrs. R. John Henderson, Mrs. Harrison G. Moser, Mrs. Will T. Lavery is chairman of Hospitality and her committee is Mrs. Roger Cotting, Mrs. William Davidson, Mrs. Clinton Bowen, Mrs. Warren Dillaway, Mrs. Luther Elliot, Mrs. Charles R. Ernst, Mrs. Charles Evans, Mrs. Arthur Farrin, Mrs. Loren Fletcher, Mrs. Robert Gross, Miss Alice Joy, Miss Jocelyn Riley, and Mrs. Edward F. Dunn.

## WCOP Listeners Urged to Name Song And Win \$5000

Some time soon after New  
Year's some lucky listener to Guy  
Lombardo's Tuesday night radio  
program heard locally on station  
WCOP is going to get \$5000 for  
just naming a song. Forty-one  
other people are going to share  
another \$5000 in prizes ranging  
from \$1000 to \$100.

The only rules for the contest  
are to think up an original title  
for a song, and write it and fif-  
teen words telling why it was se-  
lected together with name and ad-  
dress, on the inside of an empty  
Chelsea cigarette package. Entries  
should be mailed to Chelsea, Post  
Office Box 66, New York 8, New  
York.

Everyone over 18 years of age,  
except employees of Larus Brothers  
Co., sponsors of the Lombardo  
program on WCOP, its advertis-  
ing agency and families of Royal  
Canadians, may enter the "Name  
A Song" contest.

The contest closes December 18th  
and all entries must be postmarked  
before midnight of that date  
and received before December 31st.

Guy Lombardo and his brother,  
Carmen, will judge the entries for  
originality and cleverness or interest  
of the idea for song words sug-  
gested by the title and the expla-  
natory statement.

The names of the winners of  
major prizes will be announced on  
Lombardo's "Musical Autographs"  
program as soon as possible after  
contest closing time.

## Newton Committee To Promote 'Food for Peace'

The Newton League of Women  
Voters, with the Newton Chapter  
of the American Red Cross co-  
operating, is forming a Newton  
Committee on "Food for Peace"  
as its share of the general cam-  
paign of the League throughout  
the country to bring the facts of  
the urgent need for food in de-  
vastated Europe before the public.

General Eisenhower who has  
made several strong appeals be-  
fore Congressional Committees  
says, "Without food there will be  
no peace." The Committee believes  
that an informed public will be a  
co-operative public. It aims to por-  
tray the situation graphically, so  
that "he who runs may read," by  
means of window exhibits of ac-  
tual foods and quantities for a  
family of four in several Euro-  
pean countries, as compared with  
our own average supply for the  
same size family, for a week.

With the generous assistance of  
merchants who are loaning their  
windows and foods the exhibits are  
being arranged in the A&P stores  
in Newton Highlands, Star Mar-  
ket, Newtonville; The Newton  
Central Market, Newton Corner  
Market, The First National Store  
in West Newton and the Careswell  
Manor Sweet Shop in Waban.

The following were present at  
the recent meeting for the organi-  
zation of the "Food for Peace"  
Committee at the Red Cross Chan-  
celor House in Newtonville: Mes-  
srs. W. C. Appleton, H. E. Warren,  
Marion Pearlman, James T. Rubey  
from Newton Center; Mes-  
srs. Norman Eldon and Walter M. Fife  
from Newton Highlands; Mrs.  
Herbert Hitehner, Miss Elizabeth  
Fife, and Mrs. Virginia Sargent  
of the Nutrition Center, from West  
Newton; Mrs. Harold M. Bowman,  
Waban, and Mrs. James H. Lewis,  
chairman of the League's project,  
from Newtonville.

Any organization wishing to join  
in this effort to present the situ-  
ation clearly to the people of  
Newton, may call Mrs. Lewis,  
Bigelow 1447. The Committee hopes  
for and will warmly welcome ad-  
vice from the churches, clubs, Boy  
Scouts, and any other group, in  
distributing information leaflets.

The League feels that it should  
be strongly emphasized that Ameri-  
cans are not being asked to help  
feed Europe indefinitely but only  
to help the people until they are  
able to repair some of the cruel de-  
vastation that has ruined their  
crops, taken their farm machinery  
and livestock, and left them with-  
out means of self-help.

As transportation problems less-  
en, and crops are again harvested,  
this situation will be remedied and  
our support gradually withdrawn;  
but for the present we can con-  
tribute out of our great abundance.

We need an orderly, peaceful  
Europe. We need its markets. We  
need to join in all efforts to prevent  
chaotic conditions that will breed  
disease and civil wars, and all the  
horrors that will follow upon a  
Europe left to starve now.

Not alone for our own sakes,  
but for the sake of suffering hu-  
manity, let us share our Food for  
Peace.

### Doctor Dowd Resumes Practice

Commander Thomas F. Dowd  
(D.C.), United States Naval Re-  
serve, has resumed the practice of  
dentistry at his former offices at  
866 Beacon street, Newton Center.  
Commander Dowd entered active  
duty in November 1940 with the  
rank of Lieutenant-Commander at  
Newport Naval Training Station  
and later while serving as Dental  
Examiner on the Naval Flight  
Board in Boston in 1943 was pro-  
moted to his present rank. Follow-  
ing these came tours of duty at New-  
port, Philadelphia, San Diego and  
the Navy Yard, New York, in the  
capacity of Senior Dental Assis-  
tant.

Prior to duty in World War II,  
Commander Dowd served in World  
War I as Private in the U. S. Army  
and later from 1923-40 held the  
rank of Lieutenant and Captain in  
the Dental Reserve Corps.

## Anderson - Lewis

On Saturday, December first,  
at the First Baptist Church in  
Needham, Miss Nancy Lewis,  
daughter of Mr. and Mrs. Robert  
Arthur Lewis of Waban and  
Yarmouthport, and Richard Lewis  
Anderson, Jr., USNR, son of Mr.  
and Mrs. Richard Lewis Anderson  
of Princeton, New Jersey, were  
united in marriage by the Rev.  
Livingston H. Lomas.

The bride, who was given in  
marriage by her father, wore her  
mother's wedding veil of illusion  
net and orange blossoms, and was  
gowned in white marquisette. The  
dress was fashioned with ruffled  
bertha, and cuffs, and the hooped  
skirt and train were ruffled. The  
matron-of-honor, Mrs. Robert Ar-  
thur Lewis, Jr., of Wayland, wore  
a silver blue taffeta gown, with  
short cap sleeves, full skirt, with  
matching mitts. She carried deep  
red roses and wore roses in her  
hair. Wearing a rose taffeta gown  
-fashioned like the matron-of-  
honor's- Miss Elizabeth Williams  
of Needham, maid-of-honor, car-  
ried pink roses and wore roses in  
her hair. Carrying yellow roses,  
and wearing blue taffeta gowns,  
like the honor attendants, Miss  
Elizabeth Darling McKee, (cousin  
of the bride) of Newtonville, and  
Miss Barbara Jan Rickett of New-  
ton, served as bridesmaids.

Ensign Carl Schafer, Jr., of  
Long Island, N. Y., served as Mr.  
Anderson's best man. The ushers  
were Lt. (j.g.) Kenneth U.  
Newton of Westbury, N. Y., Robert  
Arthur Lewis, Jr., (brother of the  
bride) of Wayland, and Robert  
D. Williams of Needham.

Mrs. Anderson is a graduate of  
Harcum Junior College, Bryn  
Mawr, Penna. Mr. Anderson at-  
tended Brown University, where  
he was a member of Delta Upsi-  
on Fraternity. He has just re-  
turned from duty on Okinawa, and  
is awaiting re-assignment.

After a reception held in the  
church parlors, the couple left on  
a wedding trip to New York.

### Krueger-Southworth

White chrysanthemums against  
a background of Christmas greens  
decorated the Central Congrega-  
tional Church, Newtonville, on  
Saturday, December 1, for the  
marriage of Miss Elizabeth South-  
worth and Ensign Herman Wil-  
liam Krueger, USNR, son of Mr.  
and Mrs. Fred H. Krueger of Gil-  
eod, Nebraska. The four o'clock  
ceremony was performed by the  
Rev. Randolph Seaman Merrill and  
a small reception followed at the  
home of the bride's mother, Mrs.  
Norman Southworth, of 66 High-  
land avenue and Friendship, Maine.

The bride was the fourth gen-  
eration of her family to wear the  
heirloom lace which accented her  
mother's wedding gown of white  
satin. She wore a lace halo with  
a wreath of orange blossoms at  
the back holding her veil and car-  
ried a shower bouquet of bridal  
roses and stephanotis, centered  
by an orchid. Given in marriage  
by her uncle, Mr. Alva Tisdale  
Southworth of West Roxbury, she  
was attended by her sister, Mrs.  
William L. Tompkins (Cynthia  
Southworth) of East Boothbay,  
Maine. Mrs. Tompkins wore a  
gown of robin's blue decorated  
with gold sequins matching her  
sequin headress and carried an  
arm bouquet of bronze chrysanth-  
emums.

William L. Tompkins was the  
best man for Ensign Krueger and  
the ushers were Oliver A. Wyman  
of Wellesley Hills and Harry  
B. Lessing of Auburndale.

The bride is a graduate of Cen-  
tenary Junior College, New Jer-  
sey. The bridegroom is a gradu-  
ate of the University of Nebras-  
ka. Following a wedding trip to  
Gilead, Nebraska, Ensign and  
Mrs. Krueger will make their  
home at Sea Island, Georgia where  
he will be stationed.

LUTHERAN CHURCH, 430 WALNUT STREET, NEWTONVILLE

## Lutheran Church of the Newtons Will Hold First Service Sunday

The opening service of the Lutheran Church of the Newtons will be held this Sunday, Dec. 16th at 10:45 a. m. Newton's newest and most unique church building is located at 430 Walnut street, Newtonville, directly opposite the high school. This former estate has been converted into a beautiful chapel. There are also ample facilities for individual Sunday School classrooms. The grounds have been landscaped making this a most attractive site.

A cordial welcome is extended to all to worship with us. The Rev. Arthur H. Block has assumed the pastorate of this church. He has come here from Malverne, Long Island where he organized Grace Lutheran Church of that place. A canvass of the Newtons is being made to acquaint residents with the church and invite all who are interested to attend and worship with us. The Rev. Mr. Block will be glad to minister to anyone desiring.

## European, American Diets Compared In Window Displays of Local Stores

For the past week an energetic group of women, intent upon showing Newton citizens the riches of our fare compared with the subsistence diet of many Europeans, have been busily engaged in setting up exhibits in six Newton store windows.

In the Newton Center Market, Miss Katherine Wilkins and Mrs. Henry Warren, with the willing help of Mr. Burg and his clerks, set up a distinctive array of fresh fruits, vegetables, milk, meat and a score of other foods from the store, to represent the kinds and amounts a family of four in the United States can have for a week. On the other side and separated from each other, were the pitifully small amounts allotted four peo-

## His Honor Attends Mayors' Conference

Mayor Paul M. Goddard attended the annual conference of the United States Conference of Mayors held at the Hotel Astor, New York, on Monday, Tuesday and Wednesday, December 10, 11 and 12.

On Sunday afternoon there was a pre-conference reception for the visiting delegation of mayors from Canada who were welcomed by the President of the Conference, Mayor Fiorella H. LaGuardia, of New York.

At the closing session on Wednesday, Governor Maurice P. Tobin of Massachusetts spoke on "The States and the Cities."

## William J. Kerr, First Newton Boy Missing, Now Declared Dead

Word that their son, William J. Kerr, electrician's mate, U. S. Navy, who was the first Newton boy reported as missing in action, is now officially declared dead, has been received by Mr. and Mrs. Daniel J. Kerr of 26 Chandler place, Newton Upper Falls, in a letter received from Secretary of the Navy Forristall.

Kerr who enlisted in the Navy at the age of 18 after graduation from the Newton Trade School, was a member of the crew of the U. S. S. Asheville which was sunk by the enemy 300 miles south of Java. Besides his parents he leaves three brothers, Daniel J. Jr., with the U. S. Navy in the Philippines; Sgt. Robert B. with the U. S. Army Air Forces on Guam who served as tail gunner on a B-29, and S. 2-c Philip D., who is with the Navy in the Pacific, also by two sisters, Mary and Carol.

His father a charter member of Newton Post No. 48, American Legion served with the Navy during World War I.

## Red Cross Appeal For Help in Santa Claus Role

The Camp and Hospital Council of the Newton Red Cross is urgently in need of gifts to be sent at Christmas time to needy Federal hospitals, and to the men and women who will spend the holiday season in camps and on the high seas. These gifts should not include toilet articles, but all other presents would be more than welcome. Mrs. Edward J. Cannon, chairman, offers a few suggestions which will be used for filling Christmas bags at the hospitals—new playing cards, small boxes of candy, small picture frames, men's handkerchiefs and after-shave lotion. This is by no means a complete list—all gifts will be gratefully accepted. They should be attractively gift-wrapped—a call to Mrs. Cannon at Bigelow 1634 and gifts will be picked up, or they can be left at the chapter house, 21 Foster street, Newtonville.

## Girl Scouts to Entertain at Stone Institute Party

Residents at the Stone Institute in Newton Upper Falls will be entertained at a Christmas Party by members of Girl Scout Troop No. 46 of Newton Highlands on Thursday afternoon, December 13 at 3 o'clock.

The Girl Scout Promise and Laws will be explained by the three new members of the troop: Barbara Ascolese, Nancy Linn and Rhoda Campbell. Patrol leaders, Mary Davidson, Irene Leidner, Patricia Costa and Ellen Segall will announce the following program: Recitations by Cynthia Snider and Irma Sutton.

## VICTORY CLOTHING COLLECTION TO BE CONDUCTED HERE JANUARY 7-31

THE DONATION ROOM of the Newton-Wellesley blood bank is kept as scrupulously clean as an operating room. All precautions are taken to avoid contamination of the blood, which might prevent its being used for transfusions when it is needed in an emergency.

## Newton-Wellesley Hospital Blood Bank One of Most Vital Departments

Most of the thousands of people who lay on the tables of a blood donor center and obediently pumped their hands open and closed, they gave their pint of blood for the Red Cross would never have thought of making a blood donation in peacetime.

But in peace as well as in war, the modern techniques of blood transfusion save lives. The victims of a mangle motor accident or a tragic fire such as the Coconut Grove disaster benefit just as much as the soldier or sailor wounded in action. To give civilians the benefit of life-saving transfusions, many general hospitals have already installed blood banks and it is safe to say that soon every large modern hospital will have one.

The medical staff of Newton-Wellesley Hospital regards its blood bank, which has been in existence since the beginning of the war, as one of its most vital departments, and in the plans for the enlarged \$2,250,000 hospital to be erected provisions have been made.

## 100 Million Garments to Be Collected Throughout the U. S.

Once more American people will have an opportunity to give direct personal assistance to needy and destitute people in countries which have been devastated by war. Even the magnificent results of the United National Clothing Collection last April, when American people contributed enough garments to clothe 25 million men, women and children in war devastated countries were not sufficient to meet war relief needs. Still more clothing is needed. Newton's goal is one or more garments from every person in the city.

The types of garments needed are: coats, suits, trousers, skirts, dresses, shirts, sweaters, underwear, shoes (mated) pajamas, knitwear, blankets, bedding, piece goods, etc. The following items are not desired: straw hats, toys, feather beds, pillows, mattresses, novelties, and household furnishings.

In addition to donations of garments it is suggested that every donor write a short letter and attach it to the donation. During the last collection many Americans enclosed letters with their contributions. These letters were warmly received and inspired many friendly replies.

Mrs. F. Brittain Kennedy is general chairman of the Newton Victory Clothing Collection Committee. The members of the Advisory Committee are Miss Adelaide B. Ball, Mrs. Paul M. Goddard, Philip O. Ahlin, Asa D. Blakeslee, Orville O. Clapper, Roy S. Edwards, Benjamin F. Louis, Warren W. Oliver, H. J. Pettengill, Charles O. Baker, William H. Sullivan, and Rupert C. Thompson. Mrs. Robert Burns is corresponding secretary of the committee. The dates and method of collection will be announced in a few days. It is suggested that cartons, heavy wrapping paper, corrugated paper and packing materials of all kinds which usually accumulate at Christmas time be saved and donated to the committee for packing purposes.

Roy S. Edwards, of the Advisory Committee, has made the following statement: "Newton citizens who participate in this great good will program will be carrying out the real meaning of Christmas. Alleviating the sufferings of people in war devastated countries will certainly be a fine contribution to the spirit of 'Peace on Earth, Good Will to Men' as it was meant."

## T-5 Lester Britton Wins Bronze Star

T-5 LESTER E. BRITTON, son of Mr. and Mrs. L. E. Britton of 37 Cheswick road, Auburndale, was awarded the Bronze Star for participation in the Ryuku Campaign. After graduating from the Boston English High School he studied petroleum engineering at Tulane University. He is now stationed in Korea with a water purification unit, and is also official photographer for his company. At Okinawa he took part in 188 raids.

## Don't Spoil Christmas For Boys

In millions of homes, G.I. Joe is back. In millions of others, his arrival is only a matter of days. This is the Victory Christmas—America has been dreaming of during the long, hard years of the war.

Yet, if things run true to form, Christmas will be ruined in thousands of homes by an accident to someone in the family. Even when the fury of the war was at its height, accidents on the home front were taking a far heavier toll in dead and injured than were all the battles. And in the first month after gasoline rationing was lifted, almost three times as many Americans were killed in traffic accidents as died in the bloody battle of Tarawa.

Just a little extra care will offset the extra hazards of post-war traffic and other reconversion activities, according to the Massachusetts Safety Council.

## Where Are The Surpluses?

What is happening to that hundred billion dollars' worth of surplus property which the government must sell?

The last report we saw showed that less than \$200,000,000 worth of it had been sold—one-fifth of one per cent of the total which is supposed to be declared "surplus." Of course it may be that various government departments have not yet decided what is surplus and what isn't, but we think they ought to hurry up and make up their minds.

Right now, with the public and industry clamoring for goods and machines, is certainly the time to sell the surpluses. Later, when manufacturing begins to approach normal, the sale of surpluses would put the government into active competition with business.

We realize that the job of handling surplus materials is an enormous one, but we also realize that our economy will suffer unless that job is done in record time.

## Boston Lawyer Returns Aid Given Him by Alma Mater

A gift of \$25,000 made to Boston University by an alumnus, to establish a scholarship fund which will aid deserving law students has been announced by President Daniel L. Marsh and Dean Elwood H. Hettrick of the school of law. The scholarship will be named after its donor, David Stoneman, 112 Monodnock road, Newton, prominent Boston business and corporation lawyer, who made the gift in recognition of benefits which he received from the financial aid given him while he attended the same school which holds a warm spot in his heart, the Boston University school of law, 11 Ashburton place.

Believing that legal training aids a young man in many fields, the Boston lawyer, whose ownership rivals a Horatio Alger story, is assured that law is an excellent profession today for one who has the ability.

The gift, made by the well known lawyer in "partial reciprocity for the treatment which he received as a student at the Law School," will be received by the University in annual payments of \$2,500 for the next ten years.

Stoneman, highest ranking student among the 126 who were graduated from the University's law school in 1908, emigrated from Russia in 1901 at the age of 13, with his parents and seven brothers and sisters. Unable to speak English and with only the primary school education which he had received in Russia, he set out to master the language of his new country.

While helping to support his family, since he could not attend school, he studied English from 6 to 12 each evening with the aid of a Russian-English dictionary and after memorizing sufficient words, he purchased an English grammar. During the next three years, he read many of the classics, re-read "Les Miserables" three times, and studied all the American poetry available.

At 18, Stoneman, still helping to support his family, enrolled at the Boston University school of law. So poor that he found himself unable to pay a third of the \$125 tuition which was charged at that time, he applied to the college bursar and received a scholarship of \$41.66, which enabled him to remain at the school of law. The following years he supported himself by better paying outside work making further loans unnecessary.

Following graduation, the young lawyer discovered that he had won the \$975 prize offered to the student graduating at the top of his class and with that money which was the equivalent of three years' tuition less the sum previously loaned him, he married the former Ann Fleicher, honeymooned, and hung out his shingle.

Money began flowing in almost immediately to the former trial lawyer, for clients were plentiful and lawyers scarce. Success, however, was due to hard work, 12 to 15 hours a day, many months on end.

The prominent lawyer was at one time a member of the Boston Park Commission and a member of the Massachusetts Constitutional Convention. Now connected with several motion picture and real estate enterprises, Mr. Stoneman is president of The Bretton Woods Company, which two years ago acquired the Mount Washington Hotel at Bretton Woods, N. H. It was there that the world monetary conference was recently held. Founder of one of the largest country clubs in Greater Boston, the Pinebrook Country Club, Mr. Stoneman served as its president for 18 years until his retirement last year. Members, who number approximately 400, then elected him president emeritus. The Boston lawyer lives with his wife in Chestnut Hill. One of his sons, Capt. Sidney Stoneman, who has followed in his father's footsteps by entering the legal profession, is now serving in the U. S. Army. Another son, Harold Stoneman, a business man, resides in Chestnut Hill.

## Politics With Color

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the views or policy of this newspaper.—Editor's Note.)

### State Politics

Watch for important developments in state politics shortly after the coming New Year. For many months now there have been heavy rumblings beneath the surface. It all started when one of Governor Tobin's leading opponents, who does considerable writing, complained that the G.O.P. and, more specifically, another writer of note, was busily engaged in tearing down Gov. Tobin and shrilling him to such small stature that he could be knocked off by the next Republican nominee for Governor, presumably our present Lt. Governor, Robert F. Bradford.

The next development was an offensive move by the Democracy. The wise Democrats decided that the best defense was a strong offense. That is good football strategy, too. So, we suddenly began to hear rumors that Henry Cabot Lodge was seriously canvassing the state and sending out agents to consider his candidacy for Governor. Tom White had preceded him and cleared a path. This path does NOT lead to the U. S. Senate, where Lodge has some claim to be, but to the Governorship on Beacon Hill, Why?

For the benefit of those who do not ordinarily follow political developments very closely, save at election times, let me point out that our Senior Senator, David I. Walsh, who has served close to thirty years in his present position, comes up for re-election in the fall of 1946. If he decides to run again, the polls are unanimous that he will win. But, why? Because there is apparently a real friendship between the two men, dating back to the days when the original Henry Cabot Lodge escorted Walsh down the Senate aisle and helped him to learn the ropes. When young Henry came to the Senate early in 1907, the tables were turned and it was the veteran Walsh who taught young Henry the ropes. That would seem to have been the beginning of a beautiful friendship, which may well cause the local G.O.P. some embarrassment in the coming months.

Now, is my guess as to what may happen. If Senator Walsh decides to retire at the close of 1946, he will withhold his decision until the last possible minute, in order that Lodge may have a clear field for the G.O.P. nomination and also, in order that the other Democrats may have sufficient time to build up enough to overthrow Lodge. Smart politics? Yes.

Suppose, now, that Walsh stays on in the Senate. Where does Lodge go? Can you imagine him sitting patiently on the sidelines, waiting until Senator Saltonstall's term expires in 1949? Frankly, I cannot. Very well, what are the possibilities? There is the important Governorship, which Bob Bradford's friends felt he had in his pocket. But, has he? How about some of the disgruntled Republicans, who have been making faces at him behind his back? For the moment I will mention only three: Horace T. Cahill, Jarvis Hunt and Rudolph King. It is no secret that hundreds of Cahill's friends are still sore over his stinging defeat last fall (1944). He had come all the way up on the old Republican escalator, only to stub his toe on the top step and fall down. Bradford came to Beacon Hill without benefit of any escalator. Do you suppose that Cahill's friends like that?

How about Jarvis Hunt and Rudolph King? These gentlemen were Senate President and Speaker of the House respectively. Under the unwritten G.O.P. law of politics, one of the two should have been elected Lt. Governor. Instead, Bradford beat them both by a substantial margin. Hunt is now legal counsel for the Associated Industries and King is Register of Motor Vehicles. The pay is good in both instances but there is no political glory involved and no political future. In view of the dog-eat-dog spirit in the political arena, can we expect these two men to help Bradford too much? A Lodge candidacy for Governor would give them precisely the argument which the original Bradford supporters had when they by-passed both Hunt and King and made the present Lt. Governor their fair-haired boy. In other words, they could claim that they were passing up Bradford for a really stronger man, Lodge. They might or they might not be sincere in this stand.

Recently another bit of sand has been thrown in the gear-box. Somebody has started a rumor, and that is all that it is (that Congressman Christian A. Herter might run for Governor). I would love to scotch that rumor all by myself. In other words, I have no authority to speak for the gentleman in question. However, I do know this. Chris Herter made his decision to go down to Washington at least four or five years ago. He knew precisely what he was doing. He deliberately abandoned the field of state politics in favor of the Washington career. Why? My guess is that he will either stay in Congress quite a while or possibly try to move up to the U. S. Senate. His REAL interest, I am told, is in the diplomatic service. He may land in the State Department some day. In view of his extensive experience in international affairs at the time of the first world war and also under Herbert Hoover, many of his admirers have been hoping that some day he would retire from competitive politics and go back to his first love. So, let's forget about a potential Herter candidacy for Governor.

Finally, let us consider the possibilities if Lodge is stymied in his immediate Senate ambitions and decides to run for Governor against Bradford. It COULD, as the Dem-

## PTA Council Hears Chief Veducchio on Traffic Problems

The testing program in reading as it is used in the Newton schools was explained by Mr. Charles O. Richter to the Newton Council of Parent-Teachers Associations at its meeting Monday evening, December 10th in the Newton High School. The question of local memberships in the National Congress of Parents and Teachers, and the problems of traffic supervision at the elementary schools were also subjects of discussion at the meeting.

Mr. William C. Greene, president of the Council, presented Mrs. Harry S. Wright, State president of the National Congress of Parents and Teachers, to explain the functions and services of the National and State organizations. Mrs. Wright explained some phases of the work of the National Congress, describing its sponsorship of American Education Week, its nation-wide radio work, its work with Girl Scouts, its legislative activities, and its preparation of many helpful pamphlets on P.T.A. organization and activities, including a pamphlet now in preparation which will present in simplified form all the state laws on education.

The problem of having sufficient traffic policemen to take care of dangerous crossings near the elementary schools has been under consideration by the Council. Responding to a questionnaire sent out by the Council, several elementary school principals requested additional traffic officers at their school crossings to provide adequate protection for small children.

Chief Veducchio of the Newton Police and Sergeant Dowling, officer in charge of traffic problems, were present at the meeting, and Chief Veducchio was asked to present the problems facing the police in trying to provide officers for the schools. Chief Veducchio stressed the shortage of police officers owing to the war emergency. He explained that even under normal conditions Newton's police force is inadequate to cover all the crossings which the school principals consider dangerous for small children going to and from school. With the return of officers now in service Chief Veducchio hopes to be able to assign more men to crossings which, in the opinion of the Traffic Bureau, may require police protection. In the meantime he asked schools to stress the teaching of safety to prevent accidents.

The Council's Committee on Curriculum Study, headed by Mr. George Calvert, has been examining the reading program in the Newton schools. Mrs. Calvert presented to the Council Mr. Charles O. Richter, whose office supervises the city-wide testing program in the schools. Mr. Richter presented figures showing the results of tests in reading as well as in the other basic skills, showed what the figures revealed, and how the results of such tests were of assistance to teachers and principals. A discussion period followed and the questions of Council members were answered by Mr. Richter and Dr. Homer Anderson.

## Holy Name Society Attends Mass at Our Lady's Church

A large group of members of the Holy Name Society attended the Holy Name Mass at the Church of Our Lady, Newton on Sunday, December 9, with some 700 men receiving Holy Communion in a body.

The welcome sermon was by Rev. John Quinlan, Spiritual Director of the Holy Name Society.

In the afternoon another service was held when members were presented with the Holy Name insignias and their Holy Name Missals.

Rev. Daniel Donovan, Executive Secretary to Archbishop Richard J. Cushing, spoke at the afternoon service on the Holy Name, its purpose and the individual's obligation particularly to set a good example as a member of the Holy Name Society, to live a good and righteous life and to constantly protect and honor the name of Jesus.

Tuberculosis was the cause of the rejection of some 150,000 men and women for military service in World War II. The fact they had the disease in one form or another was revealed in pre-induction X-ray examinations.

ocrats hope and pray, split the Republican party in this state wide even and make it a cinch for Maurice J. Tobin or ANY Democrat to win the election. Will the G.O.P. be smart and avoid this possibility? And don't forget another factor. In 1936 there was a close and bitter fight between Henry Cabot Lodge and our own Sig. Have the scars left by this grueling battle ever healed? If not, remember that Weeks backed Bradford for Lt. Governor in 1944. What do YOU think he could do in the event of a Lodge-Bradford contest for Governor in 1946?

### Weekly Quiz

The snow storm and my reactions to it drove all thought of the weekly quiz from my mind in our last issue. Here is the answer to the question propounded on Nov. 29. No man or woman can run for the Presidency unless he is thirty-five years of age. Furthermore, he is ineligible UNLESS he has lived in the United States for fourteen years. It is interesting to note that "Information Please," in its last program, featured Capt. Harold E. Stassen, who covered himself with glory. The above questions were a part of the quiz that evening.

This week's question is—"Name the last holder of the office of Lt. Governor of Massachusetts who was elevated to the position of Governor. Also, name the most recent Governor who had previously held the office of Attorney General."

## Dr. McCorison to Address Kiwanis Club Next Wed.

Dr. J. L. McCorison Jr., director of the Northeastern Regional Office of the National Conference of Christians and Jews, 73 Tremont street, Boston, will be the speaker at the Newton Kiwanis Club meeting on Wednesday, December 19th at 12:15 p. m. His subject will be "Small Things that Matter Greatly."

The National Conference of Christians and Jews was organized in 1928 by eminent Christian and Jewish laymen to promote justice, amity, understanding and cooperation among the Catholics, Protestants and Jews of the United States. The Conference program is nationally organized to combat and eliminate inter-group prejudices which disfigure religious bodies.

The organization functions through fifty regional and city offices. It is now headed by three National Co-Chairmen, Dr. Arthur H. Compton, Chancellor of Washington University, St. Louis, Missouri; Professor Carlton J. H. Hayes, of Columbia University, and former American Ambassador to Spain; and Roger W. Straus of New York, prominent Jewish leader.

Dr. McCorison is a well known educator, lecturer and religious leader. A graduate of Andover Theological Seminary and Harvard University, he holds degrees also from Marietta, Northland and Ripon Colleges. He has served as pastor of Congregational churches in Illinois, Iowa, and Massachusetts, and more recently as president of Yankton College, Yankton, South Dakota.

### Junior Hadassah Meets

The third meeting of Newton Junior Hadassah was held on Sunday, December 9, at the home of Miss Carolyn Ruben, 16 Caroline Park, Waban, Mass.

During the short business meeting, plans were discussed for the membership dance which will be held in the very near future at Temple Emanuel vestry. Miss Annette Braunstein, J.N. F. chairman, introduced the speaker of the afternoon, Mrs. Albert Burman, who is membership chairman of Boston Jr. Hadassah. The meeting was concluded by a Chanukah program which included the lighting of the traditional candles, and which was led by Miss Carolyn Ruben, educational chairman.

## Kiwanis Club

John D. Glover, of the Harvard Business School, speaking before the Newton Kiwanis Club at the Y.M.C.A., Wednesday, told of the endless lines of hapless, hungry people wandering aimlessly throughout Germany since that nation's fall, last summer. They fill the highways, these wretched people, he said, facing a bleak and meagre future with little hope. Entire families carrying all their possessions in a paper bag or two, wander from city to city in the vain hope of picking up the threads of an orderly existence again, bowled over by the bombs left by the bombs.

The countries formerly occupied by the Nazis offer little more, according to Mr. Glover, the natives traveling to and from the big cities in the hope they will better their lot somewhere along the line. England, while better off, is nevertheless suffering privations, too, he continued, with clothes almost unobtainable and food, what there is of it, unpalatable.

In Germany, Mr. Glover added, seventy-five per cent of the population still favor the Nazi form of government. Former high ranking military men and Nazi party members smilingly admit mistakes, but assured him, he said, that they will be corrected the "NEXT TIME." Those favoring Hitler's brand of government are rising because of poverty and want in Germany and even now, Mr. Glover concluded, they're looking forward to the day when, once again, launch Germany on another struggle to prove Nazi superiority with weapons of the future that are

## Rotary Club

Former Lieut. Com. Russell Fitz, who is now teaching at the Newton High school, spoke at the meeting last Friday of the Newton Rotary Club held at the Brae Burn Country Club. His subject was "My Experience in the Navy." Explaining the details of naval bombardment he used examples from his experiences in the Gilberts, Tarawa, Saipan, Okinawa, and Guam and explained the mechanics of training guns on both a moving target and in land bombardment. He pointed out that by the use of modern mechanical devices it was possible to hit a target 10 miles distant from the ship, and explained the effectiveness of radar in locating a target 10 miles away. He also explained the different kinds of shells that were used for various purposes and the timing mechanism in the shells that set them off when they reached the target.

Guests at the meeting were Walter Littlefield of Boston, Jack Walsh, Robert Morse, H. W. Smith, all of Waltham; James Esson and Louis Bachrach of the Boston Club; Dr. Theodore Clark, Benjamin F. Louis, president of the Newton Kiwanis Club and Harry Erickson.

One of the social difficulties of the day seems to be that there are too many blonde submarines cruising around in the Sea of Matrimony.

# Dr. Eddy Lauds 200 Volunteer Hospital Workers At Meeting

(Photo by W. B. Hay)

**HOSPITAL HONORS VOLUNTEER WORKERS**—Clifford H. Walker, right, president of the board of trustees of Newton-Wellesley Hospital, awards official American Hospital Association pins to these representatives of the 765 men and women of Newton and Wellesley who will receive the pins in recognition of having given 100 hours or more of service to the hospital during the war period. Left to right: Charles B. Floyd of Auburndale, chairman of Newton Chapter of the American Red Cross; Mrs. John A. Dunn of Wellesley Hills, chairman of the Wellesley Red Cross Nurses' Aides; Mrs. Theron B. Walker of Newton Highlands, president of the Newton-Wellesley Hospital Aid Association. Presentations were made at Volunteers Day ceremonies held at the hospital last Sunday and attended by more than 500 workers.

## 765 Have Given More Than 100 Hours of Service During Past 3 Years

Referring to Newton-Wellesley Hospital as "the strongest and most strategic institution in this community of ours," Rev. D. Brewer Eddy, D.D., of Newtonville, praised the efficient work of nearly 2,000 volunteers who have aided the hospital during the war period and told more than 500 workers from Newton and Wellesley who met at the hospital last Sunday that they had been "good samaritans."

Dr. Eddy, retired secretary of the American Board of Foreign Missions, was a guest speaker at Volunteers Day ceremonies during which it was announced that 765 men and women who have given 100 hours or more of service to the hospital during the last three years have been awarded the official pins of the American Hospital Association.

Token presentations were made by Clifford H. Walker, president of the hospital's board of trustees, to Mrs. John A. Dunn of the Wellesley Hills, chairman of the Wellesley Red Cross Nurses' Aides; Mrs. Theron B. Walker of Newton Highlands, president of the Newton-Wellesley Hospital Aid Association; and Charles B. Floyd of Auburndale, chairman of the Newton Chapter of the American Red Cross.

Dr. Eddy mentioned the following organizations in Newton and Wellesley which, he said, had contributed much to maintain the efficient operation of the hospital: Red Cross Nurses' Aides, Red Cross Dietitians' Aides, Gray Ladies Hospital Corps, Men's Volunteer Corps, Independent Volunteer Corps, Red Cross Motor Corps, and the Hospital Aid Association's workers in the coffee and benefit shops.

Lt. Col. Lewis S. Pilcher, chief of surgical service at the Lovell General Hospital, Fort Devens, and a member of the active staff of the surgical department at Newton-Wellesley Hospital, told the volunteers that their work was of tremendous value to the war effort in that it freed many nurses for military service.

Mr. Walker, who presided, made special mention of a group of workers who have given 1,000 hours or more of service to the hospital, and called upon each to stand. They included: Dietitians' Aides—Mrs. Ralph E. Hatch, Mrs. W. Frank Lowell and Mrs. Henry B. Shepard, all of Newton.

Gray Ladies—Mrs. H. Reginald Bankart and Mrs. Ruth Grant of Newton.

Nurses Aides—Mrs. Wiley Brewster, Mrs. Kenneth F. Craft, Mrs. Richard Cressey, Mrs. Richard I. Dwyer, Miss Ruth M. Ernst, Mrs. Andreas Hartel, Mrs. Charles Henley, Mrs. William Hennessey, Mrs. Raymond Huntington, Mrs. Stanley Livingston, Mrs. Joseph MacDonald, Mrs. Lester Patterson, Mrs. Henry A. Plimpton, Mrs. Ernest Roy, Mrs. Arthur Soule, Mrs. Gordon Leech, Mrs. Clarence Brehaut, all of Newton, and Mrs. Edwin Baker and Miss Delia O'Connor of Wellesley. An orderly, Mr. O. M. Drummond of Wellesley and an independent volunteer, Mrs. George Graves of Newton have given 800 hours of service, Mr. Walker said.

Refreshments were served in the living room of the Nurses' New Home under the direction of members of the Hospital Aid Association. Hostesses included: Mrs. Edward W. Pride, Mrs. Edwin F. Gibbs, Mrs. S. Marsena

Butts, Mrs. Ralph W. Conant, Mrs. Harold C. Wiswall, Mrs. Henry F. Keever, Mrs. Oliver A. Lothrop, Mrs. Carlos T. Pierce, Miss Majda Flanders, Miss Margaret Tracy, Mrs. Walter L. McGill, Mrs. Ernest P. Rallsback, Mrs. Charles B. Floyd, Mrs. Frank R. Clark, Mrs. Cecil W. Clark and Mrs. Benjamin D. Miller.

Music was furnished by Miss Martha Glen, Miss Evelyn Hicks and Miss Daphne Kenway of the All-Newton Music School.

In addition to Mr. Walker and Mrs. Theron B. Walker, members of the committee in charge of the Volunteers Day program included Mrs. E. Stanley Hobbs, Jr., of Weston, director of volunteers at the hospital, Gerhard Hartman, director of the hospital, and Miss Mabel McVicker, B.S., R.N., director of nursing and principal of the School of Nursing at Newton-Wellesley Hospital.

**Paramount Theatre, Newton, Reopens Sunday, Dec. 16**

The patrons of the Paramount Theatre, Newton, will be pleased to hear that it will re-open on Sunday, December 16.

The management has done everything possible at this time to make it more comfortable and brighter than ever before. The theatre has been painted and redecorated; a delightfully new candy counter has been installed and acoustic treatment has been added all over the theatre to improve the sound even better than before; the women's and men's rooms have been newly tiled; and the new cove lighting will enhance the ceiling beyond expectations.

You will also enjoy the new lobby display of coming attractions, also the latest in ushers' uniforms.

You will no doubt notice a few things the management has left undone, due to the material shortage, but once again you will enjoy the Paramount Theatre in the future as you have in the past.

The trouble with many youngsters is that when they graduate from college they think they're so wise it is not necessary to learn any more.

ple in the cities of France, Greece and the Netherlands.

The second window to be arranged was in the A & P Store in Newton Highlands, where Mrs. Walter McFife and Mrs. Norman Elton, again with the interested assistance of the store manager, achieved a striking effect in the long, narrow space.

Following in quick succession were the Star Market window in Newtonville, done by Mrs. E. Bornstein and Mrs. Marion Pearlman, and the Newton Corner Market, where Mrs. Herbert Robbins and Mrs. Lewis used the stores supplies to achieve the desired comparisons.

At West Newton, Mrs. Sargent of the Nutrition Center, worked out a one day's food allowance for the four countries to use in a small window of the First National Store. Mrs. Herbert Hitchen and Mrs. W. R. Mattson assisted in the arrangement.

Mrs. Harold Bowman and Mrs. Louise Devolder took charge of the display in Waban. The First National Store loaned the food which they took to the Careswell Manor Sweet Shop, where the window provides ample space and good backing.

Bread used in the Newtonville display was donated by Ye Olde Towne Bakery. The realistic milk bottle "dummies" were loaned by the courtesy of the United Farm-

er's Cooperative.

Much interest was expressed by many of the store clerks, and passers by, from the start. In some instances shocked surprise seemed to be the reaction to the very small amounts of food for Europeans.

The Chairman of the Committee on Food for Peace, Mrs. James H. Lewis, is receiving hearty co-operation from church groups, women's clubs and individuals, who believe it is of paramount importance that we continue our aid to the starving thousands of Europe, by contributing to the United Nations Relief and Rehabilitation Administration, commonly called UNRRA.

Mrs. M. W. Remison has had a team composed of Miss Gertrude Dennison, Mrs. J. Leroy Conel and Mrs. Herbert Fraser handling out flyers and answering questions at Newton Corner. Mrs. Charles N. Abuckley has arranged for groups to take turns in "manning" the Newton Center and Newton Highlands Exhibits, distributing information and getting comments. The other windows will be attended during part of the week.

This is intended to induce people to write to Congressmen Hester and Senators Walsh and Saltonstall, urging speedy action to get thru the 1946 UNRRA appropriation.

Congress has very recently approved, after over six weeks delay, the balance of our pledge for the current year, but unless the 1946 appropriation is made without delay, there will be a time lag when no supplies are going, during the most critical part of the winter.

The League of Women Voters believes that if enough public clamor is raised, this can be rushed thru Congress before Christmas.

for more adequate facilities for this service.

he importance of a blood-bank, as one doctor put it, is that "when a patient needs a transfusion, he usually needs it badly and he almost always needs it at once." Doctors have been transfusing blood directly from a donor to the patient for more than forty years, but there have always been grave difficulties in having a donor with the right kind of blood at the bedside at the right time.

Before the introduction of practical methods of preserving blood or blood plasma, the Newton-Wellesley Hospital, like others, kept on hand a list of professional blood donors. In addition, records were kept of the blood types of member of the hospital staff so that they could be called upon in an emergency. Even so, valuable time was sometimes lost before a donor was located.

Today, thanks to the blood-bank, a doctor anywhere in the hospital can pick up a telephone and in a matter of seconds a flask of the proper type of blood, or in some cases plasma, will be on its way.

The Newton-Wellesley blood-bank naturally does not have the wartime resources of the Red Cross in obtaining blood. Its donors are all volunteers or members of the hospital staff. Most donors make their contributions gratis, but under special circumstances they are paid for the blood they give. A number of the volunteers are former patients who have received transfusions from the bank and who take this way of expressing their gratitude. The blood-bank is glad to receive blood from anyone who wishes to make a donation.

The technique followed at the blood-bank closely resembles that of the Red Cross centers. Blood from the donor runs directly into a bottle containing a solution of sodium citrate which prevents coagulation. When the donation is complete, small samples are taken for tests, and the flask of blood is put into a refrigerator. There it may be kept for a week or ten days, after which period it is no longer suitable for whole blood transfusions.

But if by any chance there should be no call for it during this time, it will not have lost its usefulness. The liquid portion of the blood, the plasma, can be used for patients in shock, or for others who do not need the corpuscles and other blood solids. The plasma is also useful in cases of emergency, since all plasma is the same and there is no need for "typing" the patient's blood.

All blood given to the bank is tested both for its type and for any possible infections. Malaria and some other diseases make the blood unsuitable for transfusions, and if the laboratory discovers such disease in a sample the blood is removed from the bank to the laboratory. Even so, the blood is usually not discarded but is used for other laboratory tests.

The blood-bank is only one of the modern services which the greater Newton-Wellesley Hospital will offer. Men and women returning from the armed forces will find there the same high standards of medical care and expert application of the latest scientific advances in the art of healing which they enjoyed while in service.

**Dining With Jane and Bill**

Jane—Oh, Bill, you just can't imagine what has happened. Bill—Well, dear, judging by your long face and the tone of your voice, I'd say something pretty drastic has taken place.

Jane—Drastic is right! We decided not to have turkey for Thanksgiving, and now we aren't going to have one for Christmas, either.

Junior—Oh gee, Mom, all the kids were talking about their Thanksgiving turkey and how good it was. We just have to find a turkey for Christmas Day.

Jane—I'm every bit as disappointed as you are, Junior, but goodness—I can't quite visualize four people consuming twenty pounds of turkey, can you, Bill? We'd be eating turkey hash for weeks!

Bill—No, Mrs. Housewife, the thought of turkey in fifty-seven varieties doesn't appeal to me, but I think I know the answer to your problem.

Jane—Oh, really!

Bill—Well, I just happened to glance at the woman's page of the evening paper. It told about half-turkeys being sold on the market this year. There has been a great demand for them from small families like ours. The only difference in the bird is that there is only one drumstick!

Jane—What a wonderful idea! A half-turkey will suit our needs perfectly. I'll call the Nutrition Center first thing in the morning to find out exactly how to roast a half gobbler. Chin up, Junior. We shall dine in style on Christmas Day.

Jane obtained the following directions for roasting a turkey from the Newton Nutrition Center:

Rub cavity (cut side) with salt (1/8 teaspoon per pound of bird). Skewer skin to breast meat on the keel bone edge to prevent shrinkage of skin and to protect breast meat. The leg just above the knuckle joint securely to tail. No other trussing is necessary. The wing should be left flat against breast. Place half turkey, cut side down, on a flat rack in a shallow pan. Brush bird with melted fat and cover with a clean cloth (cheese cloth is excellent) dipped in melted fat.

Roast at constant moderate low temperature (325 deg. F.). Do not sear. Do not cover pan. Do not add water. It will take about 25-30 minutes per pound.

Allow 1 cup dressing per pound of bird purchased. Mound dressing on a well-greased double thickness of waxed paper to approximate the shape of the half-turkey's cavity. When the bird is about half done (1 1/2 to 2 hours), remove from oven and place paper with dressing on rack. Replace half turkey over the dressing and continue roasting until done. Spoon fat from bottom of pan to re-moisten cloth if necessary during roasting.

day evening, December 19, 1945, at 8:15 p.m.

Several Newton people are members of this orchestra. Miss Irene Forte, Director of the All Newton Music School, has been concert mistress for twelve seasons. Other members are: violinists, the Misses Mary Ruggles, Martha Cleary, Helen Chase and Clara Dillaway, Mesdames Helen G. Dillaway and M. T. Abele; violin cellists, the Misses Elsa Badger and Doris Forte; and Mr. William Clarke Custer, double bass.

Two violinists of the Boston Symphony Orchestra play in the High Pines Orchestra, purely for recreation, one playing 'cello; the other, French horn.

The program follows:  
Overture and Allegro from La Sultana Suite Couperin-Milhaud

Intrada Desprez  
La Tambourin Le Clair

Symphony No. VIII (unfinished) Schubert

Two Entr'acte Pieces from Thamos, King of Egypt Mozart

Concerto in B flat major for orchestra Handel

Hallelujah Chorus from "Messiah" Handel

In commemoration of 100th Anniversary of Eliot Church

There has been much interest expressed in this first symphony concert in the community for many years, and it is hoped that a large audience will support and welcome this splendid organization, conducted by Carlos Pinfield of the Boston Symphony.

Tickets may be procured at Hubbard's Drug Store, Newton Cooperative Bank, Oak Hill Pharmacy, Garb's Pharmacy, Whatnot Gift Shop and at the door on December 19th.

**Christmas Cantata**

Immanuel Baptist Church is giving a Christmas Cantata, "The Holy Infant," by Frederick Field Bullard. Sunday evening, December 16, at 8 o'clock in the Church edifice, 187 Church street, Newton Corner.

The choir is under the direction of Edmund M. MacCloskey, one of New England's premier choir directors. Mr. MacCloskey has unique ability in interpreting religious music, giving to it the color and satisfying spiritual import that transcends mechanical and technical perfection. The choir will be assisted by Daniel H. White Jr., baritone, Ruth Wiles, Patricia Woolfrey, soprano, Anna Handley, Alice Dods, contralto, Howard Stevens, tenor, Fred Newcome, bass, Shirley Robinson MacCloskey, guest organist.

It costs less than two cents a pint jar to use Vitamin C tablets in canning peaches, plums, and pears. Its use prevents darkening and change of flavor.

**Frank A. Day Junior High School News**

The Eighth Grade Drama Group under the direction of Miss Gainferante presented its first play of the year at the assembly of December 7th. The cast of the play, *The Pioneers of the West*, was as follows: Frank Lord, Patsy Caswell, June Boulter, Louis McMurry, Mary Cutting, Edward Murphy, Robert Gifford, Eileen Carey, Marcia Collins, Betsy Webber, and Arthur Brown. Contributing greatly to the success of the play were the backstage workers: Ann St. George, Virginia Wolcott, Patricia Courtney, Lilabeth Dutton, Richard Salinger, Ruth Dokton. The announcer was Ruth Dokton.

Before the play began Patricia Taffralian, the general chairman of the assembly, spoke briefly about Pearl Harbor before the school in the flag salute. Mr. Jurgiewicz led the orchestra and school in the singing of our national anthem.

The bond and stamp sale took a sudden spurt on the day before the anniversary of Pearl Harbor when the pupils spent \$1,755.20 in purchasing Victory Bonds and stamps, thereby assuring the purchase of two hospital beds and suggesting the possibility of buying a third one before Christmas. The grand total for this fall is now \$5,186.10.

### Post 333 Elects Temporary Officers: Membership Drive

The initial meeting of Post 333, American Legion was held Tuesday evening, December 4th, at the Hyde School, Lincoln street, Newton Highlands. The meeting was opened at 8:00 p. m. by the Chairman E. J. MacPhee and then turned over to the Commissioner of the Veterans Association, Edmund Dungan, who officiated for the remainder of the meeting.

Prior to the election of officers, Mr. Dungan gave an interesting talk on the necessary officers to be elected and the qualifications required of each office holder.

Edward J. MacPhee was elected Commander, Laurence B. Connelly, adjutant, Daniel E. Hoar, Finance Officer, and Executive Committee-men, Francis Greene, Edward F. Burns, Thomas O'Shaughnessy, Lincoln Hatt, Richard Coughlin. The Post has elected to begin an immediate membership drive. All veterans interested can contact Mr. McPhee at Bigelow 7191, Mr. Connelly, Lasell 6749, or Mr. Hoar at Lasell 8165.

After an interesting talk by the Middlesex County Commander, Frank Ralph, on the foundation and benefits derived from membership in the American Legion, the meeting was adjourned.

—Due to modern improvements in equipment, experienced technicians can take 100 or more X-ray pictures in an hour. Miniature 35 mm., 70 mm. or 4" x 5" films are usually used in X-raying large groups.

### Newton Residents Enrolled at Cambridge Center

Many Newton residents this week are completing courses in the late fall term of the Cambridge Center for Adult Education, 42 Brattle street, Cambridge.

Handicrafts, foreign languages, and history classes have been the most popular courses in the current term, according to Lydia C. Weare, director of the Center, and among those Newton residents participating in one or more of the classes are Mr. Morton E. Bunker, 11 Marshall street; Mr. and Mrs. Ethel Gerard, 82 Charles River Basin parkway; Miss Virginia Hovey, 11 Fairfield street; Mr. John H. Beechen, 619 Washington street, of Newton Center; Newtonville residents completing courses this term are Mrs. Karl

### Goethel, 29 Highland avenue; Mrs. J. L. Rogers, 98 Withington road; Miss Grace Marshall, 427 Newtonville avenue, and Miss Janet De Saulniers, 12 Fairfield street.

Registration for classes is limited to less than 25, and the informality afforded by these small study groups characterizes all courses at the Center. The Adult Education Center is a non-profit organization, in its eighth year of operation, and is sponsored by the Cambridge Social Union, Dudley Clapp, president.

The increasing popularity of the Center among residents of the Newtons and greater Boston is evidenced by the total enrollment of more than 950 persons in the fall term, and arrangements are being made to handle a larger number of registrants for the mid-winter courses. A booklet describing the 42 courses available may be had upon request from the Center, 42 Brattle street, Cambridge, or by calling Kirkland 0314.

### Do You Know . . .

Industrial reconversion in Massachusetts is proceeding much faster than expected. The low point in factory employment may have been passed in September. Department of Labor and Industries index figures of total factory wage earners employed show: July 122.0; August, before V-J Day, 120.4; September 108.4; October 109.1. Of 31 major industries in the Commonwealth, 18 employed more wage earners in October than they did in July, principal gains being in confectionery 18 per cent, paper boxes 12 per cent, leather tanning and paper manufacture 9 per cent, textile machinery 8 per cent. . . . Apparently other cities have been more fortunate than Boston in securing materials for new home building. During the months of August and September 14 important metropolitan areas east of the Rocky Mountains, with average population less than Metropolitan Boston's, averaged three

times as much residential building as was started in the Boston area. The Cleveland area, with only about 51 per cent of Metropolitan Boston's population, started \$4,752,000 of new homes compared with Boston's \$1,178,000. . . . Of the Massachusetts men age 13 to 37 called for service up to August 1, 20.4 per cent were rejected because of physical or other personal disabilities, whereas the average percentage rejected in the United States as a whole was 22.4 per cent. . . . A Christmas Community Vesper service will be held in the Newton Centre Unitarian Church, corner of Centre and Cypress streets, on Sunday, December 16, at 4:30 p.m., featuring the Philharmonic Bell Ringers. Twenty-one bells cast at Croyden, England, with a range of two octaves, rung by hand, will play songs, Christmas carols and familiar melodies. Everyone is invited to come and join in the singing of great Christmas hymns.

### Killed in Auto Collision

Mark Cooper, 54, of 12 Prospect street, West Newton, was killed late Tuesday afternoon when the car he was driving collided with another machine on Washington street, near St. Bernard's Church, West Newton.

The other machine, a truck, was operated by John F. O'Neill, 41, of 6 Hayes street, Cambridge, who reported that he was proceeding along Washington street and had brought his machine to a stop when he sensed that he was unable to avert the collision.

Cooper was removed to the Newton Hospital and was pronounced dead on arrival. This was the sixth auto fatality to occur in Newton this year.

# Illustrated Booklet Gives Results of Public Opinion Poll on Hospital's Expansion Program

A REPORT of the analysis of replies to Newton-Wellesley Hospital's questionnaire seeking opinions from the public as to the adequacy and acceptability of the hospital's accommodations, facilities and services is featured by a score of drawings similar to those reproduced here which present the tabulation of returns in graphic form.

## 'What Do You Think' Being Mailed Several Thousand Newton, Wellesley Residents

Information obtained from a recent poll of public opinion conducted by Newton-Wellesley Hospital will be of great assistance to hospital officials in making sure that the institution's proposed building program substantially meets all needs, Clifford H. Walker, president of the hospital's board of trustees, said today in announcing that several thousand booklets giving a summary of results of the investigation are being mailed to residents of Newton and Wellesley.

Entitled "What Do YOU Think?" the attractive 18-page booklet is illustrated by many drawings showing in pictograph style the tabulation of answers to the various questions of the poll which endeavored to determine the public's views as to the adequacy and acceptability of the hospital's accommodations, facilities and services.

The center spread carries a picture of the seven-story building which is the major unit in the hospital's expansion program for which a \$2,250,000 building fund is now being sought. Comments both complimentary and critical, considered typical of the

many which were received, also are included. In a foreword Mr. Walker calls attention to the steadily increasing demands for modern medical care which have been placed upon the hospital and which resulted in the project to enlarge the institution in order that it may continue to supply such service. He points out that by means of the questionnaire, which was mailed to several thousand representative citizens, an insight to the public's attitude toward the hospital has been gained.

In commenting on the fact that two-thirds of all persons who answered the questionnaire had had personal experience at the hospital and that 90 percent would go there now if they needed care, the booklet states: "The best guide to public acceptance of a hospital is the willingness of people to rely upon it. In the Newton-Wellesley area, lying close to Boston with its renowned medical centers, the large proportion of the residents who have gone to Newton-Wellesley Hospital and who would go there in the future may be regarded as a strong vote of confidence in the hospital and its staff."

Pointing out that although doctors and trustees from their own knowledge and experience were fully convinced that the hospital buildings were no longer large enough to accommodate all who need and want care, the booklet refers to the poll result, in which

80 percent of those who replied confirmed this belief, by saying: "It was obvious that the people served by the hospital are well aware that to fulfill its mission of guarding community health, the hospital must be enlarged. Many of those who returned the questionnaire also realized the need for additions to the nursing school."

Stating that "there is a tendency upon the part of a limited few to make the sweeping statement that hospital charges are too high," the report of the poll emphasizes that by a vote of seven to one the public in the area served by Newton-Wellesley Hospital demonstrates that it recognizes the many factors which make up the rates by stating that charges are fair.

The poll results, it is said, also showed that the public in general had an excellent grasp of the fundamental problem of enlarging the hospital to meet the growing health needs of the communities it serves. This was indicated by 81 percent of those answering who said that they did not believe the hospital received money enough from patients to pay for enlargement after necessary running expenses have been met.

In a section devoted to "The Future Hospital" the published report continues: "Further evidence that the public wants better rather than inferior hospital care is presented in the nearly unanimous

response to that effect." Substantiating this is the evidence that 97 percent of those who replied desire that hospital care in this community should continue to meet the requirements of the most advanced medical practice even though costs be increased.

Furthermore, it is pointed out, an almost equal proportion believes that certain sections or areas of Newton-Wellesley Hospital should be modernized and enlarged.

Terming the results of the poll "a public mandate for enlarging the hospital," the report considers the answers to the question as to from what source funds should be obtained. Here it was found that 62 percent advocated a public fund-raising campaign.

The summary of results concludes with the following paragraph:

"To carry out a carefully studied program to expand and modernize Newton-Wellesley Hospital, a building fund of \$2,250,000 is required. The raising of this fund through subscriptions by individuals and corporations in the hospital's service area represents the typically American, and particularly the New England, way of protecting community health. For more than a century, the voluntary hospital system has expanded, through public subscription, to keep pace with the swift advance of medical discovery."

## Benefit Dance for Sacred Heart Building Fund

A benefit dance to aid the Building Fund for the Sacred Heart schools expansion program will be held at the Hotel Vendome on Thursday evening, December 27, and will be sponsored by the New England alumnae of the Newton Sacred Heart Country Day school and Manhattanville College, New York.

Mingling the numerous duties attached to running such an affair with their Christmas shopping, the committee members are working long hours in order to make the evening the great success early developments indicate it will be. Many reservations have already been made, while the patron and patroness list continues to grow steadily.

His Excellency Archbishop Richard J. Cushing, through whose efforts the Building Fund was inaugurated, is honorary chairman and will visit the Vendome during the evening. Active co-chairmen of the dancing party, which will be held in the beautiful Empire Room, are Miss Jane Connolly, daughter of Mr. and Mrs. Edmund J. Connolly of Brookline, and Miss Rosamond Sheehan, daughter of Mr. and Mrs. Henry J. Sheehan of Bay State road. Handling tickets for the benefit are Miss Alice Johnston, daughter of Mr. and Mrs. Frederick E. Johnston of Chest-

nut Hill, and Miss Sheila McLaughlin, daughter of Mrs. Alice M. McLaughlin of Newton. Still compiling the list of patrons and patronesses are Miss Margaret Fulton, daughter of Mr. and Mrs. David H. Fulton of Belmont, and Miss Marion Riley, daughter of Mr. and Mrs. George C. Riley. Attending to decorations and table arrangements is Miss Betty Hurley, daughter of Ex-Governor and Mrs. Charles F. Hurley of Cambridge.

Assisting the committee heads and exerting every effort to swell the fund, which will be of invaluable aid in purchasing property and furnishing buildings, are Miss Jane Toner, daughter of Mr. and Mrs. James V. Toner of Newton; Miss Jane Nawn, daughter of Mr. and Mrs. Hugh Nawn of Newton; Miss May K. Bottomley, daughter of Mrs. John T. Bottomley of Beacon street; Miss Louise Stanton, daughter of Dr. and Mrs. Joseph Stanton of Newton; Miss Ruth Howe, daughter of Mr. and Mrs. Lee Howe of Brookline; and Miss Barbara Gilman, daughter of Mr. and Mrs. John R. Gilman of Wellesley Hills. Also, Miss Joanne Fallon, Miss Priscilla Leahy, Miss Theresa Casey, Miss Ellen Ruggiero, Miss Lucille Gauthier, Miss Betty Murray and Miss Joan Kenney.

Other New England students and alumnae of the Sacred Heart and Manhattanville are striving for the success of the affair with in their own states and schools, and will join the merry group at the Empire Room just two evenings after Christmas where they

## Federation Group Attends Press Conference

A Press Conference was held in the conference room of the Worcester Telegram and Gazette, Worcester, Mass., on Tuesday December 11 for the presidents and press chairmen of the State Federation of Women's clubs.

Mrs. Mary C. O'Leary, of Federation Topics presented a program to the more than 75 women present. The speakers were the managing editors of the Telegram and Gazette, Mrs. Agnes Drummond women's news editor, and Mrs. Louis Blanchard.

Among those attending the conference were Mrs. Perley L. Barton of Allston, State Federation chairman, Mrs. Herbert J. Ham, press chairman of the 12th district. A sightseeing tour was made of the newspaper plant followed by a pre-war tea held in the new recreation room on the 4th floor. Mrs. Louis C. Stevens of the 13th district, counselor for the Department of Publicity, was one of the pourers.

Beautiful Eversharp pencils with goldclips were presented to all of the guests.

## Lt.-Gen. Doolittle Returns to Shell;

Lieutenant General James H. Doolittle, former Commander of the 8th Air Force, will return to Shell on January 1, 1946, as Vice-President of Shell Union Oil Corp., and he will be a nominee for the Board of Directors at the next Stockholders meeting, it was announced at the corporation's offices today.

He will make his headquarters in New York, where his duties in addition to general corporate responsibilities will include coordination of the aviation interests of the Shell Companies in the U. S. and assistance in the world-wide aviation activities of the Shell Group of associated companies.

A member of the Army Air Force from 1917 until 1930, when he retired with the rank of First Lieutenant, General Doolittle joined the Shell Oil Company, Inc. on January 15, 1930 as Manager of the Aviation Department. He held this position until 1940, when he was recalled to active duty in the Army Air Force.

General Doolittle's broad knowledge and many years of experience as a pioneer in all phases of military, commercial and private aviation will enable him to continue his valuable services to the aviation industry in which he has been such an important factor.

The General is 48 years old, married, the father of two sons, one a Captain in the Air Corps and the other a cadet at West Point.

Homemakers throughout the country earned 3,400,000 quarts of food last year.

## Patrolman Carroll Dies from Injuries

Patrolman Michael Joseph Carroll, a member of the Newton Police Department for 33 years, died on Sunday, December 9, at the Newton Hospital from injuries received in an automobile accident on November 11, when the car he was driving collided with another car on the corner of the street and West Newton, in which his wife and sister-in-law also received injuries.

Patrolman Carroll was born in West Newton where he had lived all his life at 42 Greenough street. He was the son of the late Mr. and Mrs. John Carroll. He was appointed to the Newton Police Department in April 1912. In recent years he had been assigned to a route on West Newton Hill, and prior to that had covered a route in Newton Centre. He was a member of the Newton Police Benefit and Memorial Associations, and of St. Bernard's Holy Name Society.

He is survived by his wife, Mrs. Mary (Harr) Carroll and two sons, John J. Carroll of Newtonville and Hugh F. Carroll of Belmont.

Funeral services were held Wednesday morning from the Thomas J. Lyons funeral home. A requiem high mass was celebrated in St. Bernard's Church by Rev. George F. Mulcahy, chaplain of the Newton Police Department. Seated in the sanctuary was Rev. John H. Quinlan of the Church of Our Lady, Newton.

A detail of members of the Newton Police Department in charge of St. Bart Cullen was headed by Chief Nicholas Vedeccio and Lt. Edward A. Moan. There was also a representation from the Levi Warren Junior High School led by the principal, Paul C. Scarborough, and a group from the Pierce School led by Miss Ruth L. O'Donnell, principal. Other delegations attending were from the Stone & Webster Company, the Simonds Saw and Steel Company and St. Bernard's Holy Name Society. Serving as pall bearers were

"Help me keep my streamline figure — use the subway before 5 or after 6 if you possibly can!"

5 to 6 o'clock is the heaviest rush hour in our downtown subway history. Unfortunately, running more cars in the subway during the rush hour would not improve this condition, but would only result in slowing up the service.

If you don't have to use the subway at that hour — couldn't you plan your trip in town so you will be going home a little earlier or later? You'll be surprised how much pleasanter the trip will be. Thank you!

LAND COURT  
Case No. 9251, Misc.  
(Seal)  
To Willie M. Chamberlin, now or formerly of Newton, in the County of Middlesex and said Commonwealth, Individually and as Executrix of the Estate of Fred Holland Chamberlin, any persons interested in the Estate of said Willie M. Chamberlin, who have not released their interest in the land hereinafter described:

Whereas, a suit in equity has been begun in our Land Court by Jessie A. Williams, said Newton, representing that she is the owner of a parcel of land on Commonwealth Avenue in said Newton numbered 1774, and that the record title is clouded by a mortgage given by DeLeon C. Holmes to Fred Holland Chamberlin, dated February 6, 1925, recorded with the South Registry District of Middlesex County in Book 4847, Page 328, which has been paid, and praying that the same may be declared to be a cloud on her title.

WE COMMAND YOU, if you intend to make any defense, that on the first Monday of February next, which Monday is the return day of this subpoena, or within such further time as the law allows, you do cause your written appearance to be entered and your written answer or other lawful pleading to be filed in the office of the Recorder of said Court at Boston, in the County of Suffolk and said Commonwealth, and further that you do defend against said suit according to law, if you intend to make any defense, and that you do and receive what the Court shall order, adjudge and decree thereon.

Hereof fail not, at your peril, as otherwise said suit may be adjudged, and orders and decrees entered therein, in your absence. And it appearing to the Court upon the suggestion of the plaintiff that the whereabouts of Willie M. Chamberlin is unknown and that there may be persons interested in the Estate of Willie M. Chamberlin whose names and residences are unknown and they cannot actually be served with process, it is ORDERED that the plaintiff give notice of this suit by publishing an attested copy of this order in the Newton Graphic, a newspaper published in said Newton, once a week for three successive weeks, the last publication to be one month at least before the first Monday in February next.

**Remove Stains**  
Since stains set with age, it pays to get at them as quickly as possible. Berry and fruit stains should be treated immediately. Stretch the stained part of the cloth over a pan or bucket. Hold it in place by means of a string. Then pour boiling water on it from a height so that the water will strike the stain with force. This method is also good with coffee or tea. To remove blood stains on blankets, mattresses or other heavy material, mix starch and water to a thick paste and spread on the stain. Brush off when dry. Repeat if necessary.

## NEW B. F. Goodrich PASSENGER TIRE OUTWEARS PREWAR TIRES!

Now Passenger Car Tire with Safer-driving, Longer-mileage features

**New, better Synthetic Rubber**  
Developed by B.F. Goodrich—it's far better than ordinary synthetic rubber. Helps the new tire run cooler, wear better. It resists cracking, bruising and damage from accidents better too.

**New, "Road Level" Tread**  
35% stronger tire body makes possible tread with a flatter contour—its whole width touches the road. More rubber on the road to share the wear—evenly. The tread design has hundreds of skid-resisting curves to grip—and stop quickly!

16,800,000 Test Miles  
Has more test background than any previous B.F. Goodrich tire. Extensive laboratory tests plus 16,800,000 miles of actual road tests—on taxi fleets, police cars, and the B.F. Goodrich test fleet—proved it outwears prewar, natural rubber tires!

3 years' EXTRA synthetic tire experience  
Three full years before any other manufacturer, B.F. Goodrich sold tires made with synthetic rubber to American motorists. This extra store of experience shows up in extra mileage... extra safety... extra value.

by MARV GOULD

Now that the football season is over the spotlight of sports is focused on Newton High's hockey team captained by Tony Esposito. Sharing in the light is the Garden City basketball squad.

The basketball squad is almost certain of repeating its championship performances of last year. Coach Warren Huston tells us that this year the squad has quite a few of last year's lettermen returning, these boys are: George Patterson, Joe Carver, Bob Scanlon, Goldie Carlisle, Arvin Teschner, and Art Weinstock. Good luck boys, and lets hope that you will bring home the state championship to Newton.

This year's hockey team is starting out with almost all new material as only two of last year's 13 lettermen are eligible to play this year. They are, Anthony Esposito, Tinker Connelly and Clifford Denison. The team has the advantage of having its regular coach, C. Evan Johnson, back with them again after serving about 3 years with the United States Army Air Corps. Of course quite a few of last year's players as, Burton Woodward, Bob Davidson, and Scottie Donnelly will be back with the team this year. Most likely, they will make up the nucleus of the team with the lettermen previously named.

Speaking of hockey and ice skating, Warren Carson, Nick Buonato, and Andy Valentini went down to Hammonds Pond last week to see if it was frozen, and if it could carry their weight. They found the swimming great. . . . At last we have found out who the two charming girls are that spend every Sunday afternoon skating at the Boston Arena. Strangely enough these are the two same girls seen at the Totem Pole Ballroom last week, doing some fancy footwork to the romantic rhythms of Baron Hugo and his versatile dance band. They are none other than "Jackie" Rogers and Joanne

Cohen. Sergeant Silvio Paulini, of Newton, Heavyweight Champion of the 4th Marine Division, has returned to civilian life after 4 years with the Marines. Sil is the holder of the Bronze Star, Purple Heart, Presidential Unit Citation, and a Letter of Commendation. Sergeant Paulini, risked his own life in the Marianas in order to save thirteen wounded comrades.

Corporal Anthony F. Rezzuti, third Marine Division, is once again a civilian after spending 27 months overseas in the south Pacific. During his three years in the service Corporal Rezzuti was awarded the Purple Heart, Meritorious Unit Citation, and four battle stars. Tony was in the battles of Iwo Jima, Guam, Bougainville, and the Solomons. He is a graduate of N. H. S., class of 1940. While in High School he was Co-captain of baseball, and letterwinner in football.

We are trying to find the ideal "Teen Age Miss" of Newton, if you have any suggestions as to who the winner should be, send them to me with full information and photo of the person or persons, and your own name and address to Mary Gould in care of Newton Graphic, 11 Centre avenue, Newton, 58, Mass. The winner will be announced in a future issue of this column.

Buddy Ober wanted to see his name in this column, but he said that it would be impossible to print it.

## BU Women's Council Holds Bazaar

The novel and colorful Bazaar, conducted annually by the Boston University Women's Council to raise funds for the erection of a new Women's Building on the University's Bay State road campus, will be an all-day affair, Friday, Nov. 30, from 10 a.m. to 9 p.m. at the University's Charles Hayden Memorial, 685 Commonwealth avenue. Under the general chairmanship of Mrs. J. Edwin La-count, Cambridge, the 1945 fall Bazaar committees have scheduled morning and afternoon bridge games, canteen service, afternoon tea, and a catered dinner.

Each year the benefit Bazaar attracts many hundreds of Boston University and Women's Council friends who make many of their Christmas purchases at the festive booths. On display will be gifts, books, garden products, flowers, kitchen utensils, needlework, handkerchiefs and greeting cards. Since its founding 20 years ago, the Boston University Women's Council has directed its united efforts in behalf of the women students at the University, by providing scholarships, aiding the department of the dean of women, and raising funds for the present Woman's building at 146 Commonwealth avenue, which also serves as Council headquarters.

Honorary chairmen of the benefit Bazaar are: Mrs. Everett O. Fisk, Brookline, and Mrs. George F. Wright, Worcester. Other honorary officers include: Mrs. William F. Rogers, Braintree, secretary; Mrs. Howard W. Selby, West Newton, treasurer; Mrs. Lewis O. Hartman, Brookline, treasurer.

Among the more than 100 members of the Boston University Women's Council will take charge of 15 festive booths and tables and

will serve on the 25 committees for the fifth annual pre-Christmas benefit Bazaar are the following from the Newtons: Mrs. Arlene Lane Percy, Newtonville; Mrs. Howard W. ## Army Answers

Q. My son has served in the Army for almost three years and is now discharged; my sister's boy was in service for about the same length of time. The boys want to go to school under the provisions of the GI Bill, but my son has been told he may have only one year's schooling while my nephew may have four years. Why is this?

A. The educational benefits provided under the GI Bill depend upon the age of the serviceman at time of his induction or enlistment. If he was under 25 years of age and had a minimum of 90 days service, (unless discharged earlier for disability), after 16 Sept. 1940, he is entitled to educational benefits for one year, plus as many months as he was in service not to exceed four years; if the serviceman was over 25 years of age when he entered service he is entitled to a refresher course of one year only, unless proof is furnished that his education was interrupted.

Q. My husband is a captain and has been overseas and is now due for discharge. Is he entitled to receive mustering out pay? I know he draws more than \$200 a month, but would the discontinuance of his overseas pay make any difference?

A. He is entitled to mustering out pay, unless he had sufficient length of service to place him in the next pay period.

Q. I have had a child by a soldier but am not married. Will the Government pay an allowance to me for the child, and if I receive payment would anything be taken from his wife and children?

A. Family Allowance would be payable to the child if the fact of paternity is established. This requires a certified statement from the soldier, or adjudication by the child. If the soldier is willing to file application himself, that is sufficient evidence of paternity. Your child would receive \$20 a month if application was approved. No amount would be deducted from the payments now made to his wife and children. Detailed information regarding procedure for filing may be obtained from Personal Affairs Branch, First Service Command, Boston, Mass.

Q. My husband is a private in the Army and is soon to be discharged. When do I receive his allotment check?

A. The Family Allowance check is issued the month following date of discharge.

Q. If an officer enters terminal leave from a post where he was furnished quarters, does he forfeit his quarters allowance for the period of terminal leave?

A. No, he does not forfeit the quarters allowance.

Q. How is the length of terminal leave due an officer figured?

A. An officer accrues 2 1/2 days leave per month. When leaving the service any unused leave is known as terminal leave and the officer draws his pay through this period. The period of terminal leave may not exceed 120 days.

Q. In counting points for discharge, are any allowed for dependent parents?

A. No, a serviceman may count 12 points for each minor child up to three children, but no other dependents are credited with points.

Q. My son was in the service for over three years and overseas about 14 months. He was discharged this month and says he received only \$100 mustering out pay. Isn't he entitled to more than that?

A. Your son is entitled to \$300

mustering out pay. The first \$100 is paid at time of his discharge, the other \$200 is paid in monthly installments of \$100 each.

Q. Is the State bonus payable to the beneficiary of a soldier who was killed in action?

A. Yes, it is. His dependents may apply for it, or, if dependents, then his heirs-at-law. If there is more than one dependent or heir, payments may be apportioned among them as the State Treasurer shall determine.

Fox Benefits Farmer

Although the farmer and the  
fox are such inveterate enemies,  
they manage to benefit each other  
in a great many ways, always  
quite unintentionally. The fox  
destroys numberless field mice and  
woodchucks for the farmer and  
in return the farmer supplies him  
with poultry and builds conven-  
ient bridges over streams and wet  
places which the fox crosses of-  
ten. The farmer, for he is  
as sensitive as a cat about get-  
ting his feet wet.

### FIRST CHURCH OF CHRIST, SCIENTIST

The subject of the Lesson-Ser-  
mon to be read in The Mother  
Church, The First Church of  
Christ, Scientist, in Boston, Mass-  
achusetts, and in all of its  
branches, on Sunday, December  
16, will be "God the Preserver  
of Man."

The Golden Text, "The Lord  
shall preserve thee from all evil:  
he shall preserve thy soul. The  
Lord shall preserve thy going out  
and thy coming in from this time  
forth, and hereafter forevermore,"  
from Psalms 121: 8. Other Bible  
citations include, "My help com-  
eth from the Lord, which made  
heaven and earth" (Psalms  
121: 2).

The Lesson-Sermon also in-  
cludes the following passages  
from the Christian Science text-  
book, "Science and Health with  
Key to the Scriptures" by Mary  
Baker Eddy, "The divine Mind  
that made man maintains His  
own image and likeness."  
The history of Christianity fur-  
nishes sublime proofs of the sup-  
porting influence and protecting  
power bestowed on man by his  
heavenly Father, omnipotent  
Mind, who gives man faith and  
understanding whereby to defend  
himself, not only from tempta-  
tion, but from bodily suffering" (p.  
151, 387).

## Marriages

### Smith - Patterson

Miss Jean Patterson, daughter  
of Mr. and Mrs. Ralph M. Patter-  
son of Newton Highlands, became  
the bride Saturday, December 8,  
of William Vail Smith, son of Prof.  
and Mrs. Lawrence Southwick  
Smith, also of Newton Highlands.  
The ceremony was performed at  
four o'clock in the Newton High-  
lands Congregational Church, by  
the Rev. William E. Gilroy. Organ  
music was furnished by Mrs. Pat-  
terson's sister, Mrs. Warren A.  
Greene, organist of the Presbyter-  
ian Church of Hartford Conn.

The bride's gown was of ivory  
satin trimmed with pearls and her  
finger tip veil was attached to an  
ivory satin Juliet cap, with orange  
blossoms. She carried a bouquet of  
white roses, white snapdragon and  
stevia.

Attending her as maid of honor  
was her sister Miss Anne Patter-  
son, gowned in aqua marine crepe  
and carrying a bouquet of orange  
Nassau roses, yellow snapdragon  
and stevia.

The best man, cousin of the  
groom, was Edwin Drowne Smith  
of Newton Highlands, and the  
ushers included Lt. Roger W. Pat-  
terson, brother of the bride, Ed-  
ward Fay of Brookline, Dr. Gor-  
don A. Danielson and Dr. Robert  
A. Whitmer, both of Belmont, and  
Dr. L. Yardley Beers, of Cam-  
bridge.

### Cannon - Hogan

Miss Patricia B. Hogan and Lt.  
Leo M. Cannon, USNR, son of Mr.  
and Mrs. James S. Cannon of 28  
Jefferson street, Newton, were  
married on November 26 in St.  
Michael's Church, Kenrick, Minne-  
sota. The bride's brother, the Rev.  
Michael J. Hogan of Duluth per-  
formed the ceremony and a wed-  
ding breakfast followed at the  
home of the bride's parents, Mr.  
and Mrs. James J. Hogan, who  
were also celebrating their 44th  
wedding anniversary.

The bride wore a gown of white  
brocade satin with a net yoke,  
ruffles on the skirt, and carried a  
daisy nosegay with a white cam-  
ellia in the center. Her sister, Mrs.  
W. H. Sanford wore a gown of  
pink silk jersey and net over tulle  
and carried a nosegay of daisies  
with a pink camellia center. Kar-  
en Sanford, as flower girl, wore a  
long blue tulle dress.

Lt. Comdr. Richard H. Hogan,  
USNR, was the best man and the  
ushers were Raymond P. Hogan  
and Robert J. Hogan, all brothers  
of the bride.

Lt. Cannon is now on duty at  
the Marine Air Corps Station, El-  
Centro, California. Upon his dis-  
charge from the service he and  
Mrs. Cannon will live in Newton.

### Richards - Burke

Miss Marjorie E. Burke, daugh-  
ter of Mr. and Mrs. Stephen G.  
Burke of Amesbury, Mass., be-  
came the bride of Joseph D. Rich-  
ards, son of Dominick H. Richards  
of Newton on Saturday, November  
24th.

The couple were married at St.  
Joseph's Church, Amesbury, and  
a nuptial Mass was celebrated by  
the bride's uncle, Rev. John E.  
Donohy, pastor of St. An-  
thony's Parish, No. Woburn.

Edward Burke, brother of the  
bride, a student at St. John's  
Seminary, Brighton, served on the  
altar and Rev. Joseph Murphy was  
seated in the Sanctuary.

The bride wore a white silk,  
jersey period styled gown and car-  
ried a bouquet of white Killarney  
roses. She was attended by her  
sister, Mrs. Eleanor Foley of New-  
buryport, who wore a gown of pink  
and carried a bouquet of pink  
roses. Mr. Malhon A. Cook of So-  
Weymouth was best man. Ushers  
were Paul J. Kent of Newton,  
brother-in-law of the groom and  
William F. Minns of Worcester,  
cousin of the bride.

During the services Mr. Henry  
Louis of Amesbury rendered sev-  
eral solos, including Schubert's  
"Ave Maria," "Mother Art Thy  
Feet I'm Kneeling" and "Oh Lord  
I Am Not Worthy," accompanied by  
Mrs. Walter Shemp at the organ.

A reception and breakfast fol-  
lowed the ceremony at the Town  
Hall Annex where guests from  
Amesbury, Newburyport, Salem,  
Newton, Boston, Newtonville, Bel-  
mont, So. Weymouth, Exeter, N.  
H. and New York, Worcester and  
Southbury, Mass. attended.

The bride is a graduate of St.  
Joseph's School and Amesbury  
High School and the Mass. General  
Training School for Nurses. The  
groom is a graduate of Newton  
schools and the University of Ver-  
mont. He has just been discharged  
from the Army after 4 years of  
service, 39 months of which were  
spent overseas in the European  
War theater with the Combat En-  
gineers.

The couple left on a trip to Can-  
ada and Vermont and upon their re-  
turn will reside at 285 Bellevue  
street in Newton.

Minerals of Bolivia  
Bolivia is rich in mineral re-  
sources, including tin, lead, anti-  
mony, tungsten, copper, bismuth  
and zinc. Before the war, Bolivia  
ranked third among the world's  
producers of tin. Tin is still the  
principal export of the country.  
All mineral exports comprise 98  
per cent of Bolivia's total exports.  
The tin deposits are located at  
altitudes of from 12,000 to 20,000  
feet in the Cordillera Real.

## Rugs in Persia . . .

are not only floor coverings, but an essential part  
of the people's life. When the women of the country reach  
marriageable age, each one weaves a rug. This rug is not  
for her, not for sale, not for anyone but her future in-laws.  
It is her specimen of handiwork for them to view and to  
exclaim over her talents. The sentimental value of this  
'dowry rug' cannot be measured in terms of money to these  
people.

I'm going to have in my shop for sale two bales of  
such 'dowry rugs' that were made in the Orient and shipped  
here.

These rugs would make ideal Christmas gifts. Won't  
you be the first one to have your choice. The rugs are mostly  
in scatter sizes, ranging in price from \$50 to \$150.00.

A Gregorian Rug today is an heirloom tomorrow

### M.S.P.C.A. Offers Advice Regarding Xmas Gift Pets

Mr. Eric H. Hansen, President of the Massachusetts Society for the Prevention of Cruelty to Animals, 180 Longwood avenue, Boston, yesterday urged parents, relatives and friends to consider carefully before giving animal pets for Christmas gifts.

"Make sure, first of all," stated the Society official, "that the animal will have a good home and will receive the best of care. There should be some one person in the household who is willing to take full responsibility for the animal's welfare so that he will have proper food and sleeping quarters. If it is a child, well and good, but nothing should be left to chance, for a youngster may promise faithfully to care for his new pet but may easily turn to something else, thereby neglecting the animal. For this reason there should be some older person in the home to personally supervise the creature's care."

Mr. Hansen concluded with the statement that in giving a pet for Christmas, the donor should bear in mind that the recipient may not be familiar with the diet and habits of animals and, therefore, full instructions for its care and treatment should accompany the gift pet. In this connection, the Society has offered to cooperate by furnishing free literature on the care and feeding of animals, which can be obtained by writing to Society headquarters.

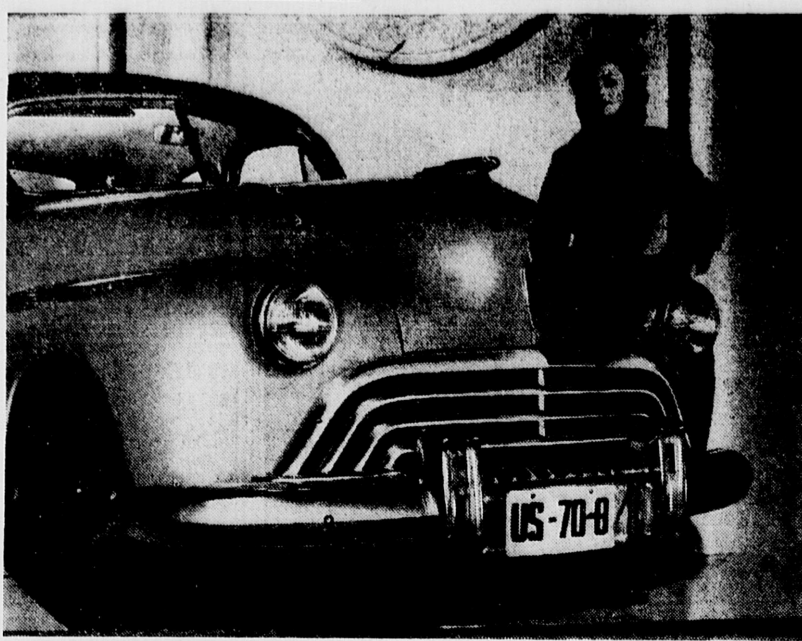

### Navy Enlistments Now Permitted for Men in Draft Age

Lt. Comdr. John F. Sargent, officer in charge of Navy Recruiting in the eastern Massachusetts district, said today that the change in Selective Service regulations now permits men within the draft age, regardless of their Selective Service classification, to enlist in the Navy providing they have not received orders from their draft boards to report for actual induction.

### Salvation Army Works In Europe For Displaced Persons

Two camps in Germany for displaced persons at Lockstedter Lager and Hunger Wolf where 3000 refugees are accommodated are being operated by The Salvation Army according to reports received by Commissioner Donald McMillan, National Secretary. Salvation Army relief teams are also operating in camps at Hamburg; at Delmanhorst, near Bremen; at Peine, near Brunswick; at Bordenheim; and at Itzerhoe.

The camps have their own hospitals and clinics, schools and kindergartens. Salvationists operating on regular visiting schedules have helped to secure furniture, medical supplies, clothing and other needed materials. In one camp, they organized a hospital. Regular house-to-house visiting is conducted by Salvation Army workers as a precaution against epidemics.

First of the General Motors cars for 1946 to be announced to the public is the brilliantly styled new Oldsmobile, illustrated here. Oldsmobile's latest creation incorporates a long list of new features and advancements resulting in improved appearance, performance and driving ease. One of the most important of these is the new General Motors Hydra-Matic Drive, which affords fully automatic shifting through four forward speeds and totally eliminates the clutch pedal. Production of the new Oldsmobile is scheduled to start early in the fall.

### Work Horses To Have Annual Christmas Feast

Following its annual custom for nearly thirty years, the Massachusetts Society for the Prevention of Cruelty to Animals, 180 Longwood avenue, Boston, will again this year celebrate what is known as the Horses' Christmas, according to an announcement made yesterday by Eric H. Hansen, President. Even with the end of the war, during which the faithful, uncomplaining work-horse was forced to bear much of the transportation burden as a result of gasoline and tire rationing, it was stated that today there are more than 4,000 horses in harness in Greater Boston.

The Society has arranged to have trucks, loaded with oats, carrots, and apples, move around the city on Monday, December 24th, where horses are to be found in greatest number. Coffee and doughnuts will be served to the drivers. Whatever remains of these gifts for the horses will be distributed at the various stables where the horses of peddlers and junk dealers are kept.

### CURRENT COMMENT

#### Washington Trial May Divert Curley's Attention from City Affairs, But Not Enough to Let Him Miss a Trick

Because of the trial at Washington, which has necessitated his presence there a good part of the time and has required much of his attention, Mayor-elect James M. Curley hasn't been able to devote as much time as he probably would like to preparing for his administration which begins three weeks from next Monday.

Although he has been able to spend only his week-ends in Boston for the last few weeks he apparently has had one eye on the happenings at City Hall because this week he protested vigorously against the floating of a \$10,000,000 loan which he'll have to pay off a year hence, engaging in a sharp controversy on the matter with City Collector William E. Hurley, who also is doubling as acting city treasurer. And last week Curley directed City Auditor Charles J. Fox to hold up any bills for \$6300 worth of new oriental rugs which Mayor Kerrigan purchased last spring.

In addition, he has been gradually fashioning the cabinet he'll take to City Hall with him. He already has selected his corporation counsel, his fire commissioner, his soldiers relief commissioner and his penal institutions commissioner and has announced his intention of placing former Police Commissioner Joseph F. Timilty on the board of trustees of the City Hospital in place of Representative Stuart C. Rand of the Back Bay.

It is expected that Mr. Curley will shortly announce the appointment of Henry F. Brennan of Brighton as his city treasurer. To his political supporters looking for choice posts at City Hall, Curley has announced that he is going to name the best qualified men he can find for the jobs, and it is apparent that he is selecting his cabinet with considerable care and thought.

President Truman, in the opinion of those who have closely followed every move he has made since he assumed the presidency following the death of Franklin D. Roosevelt last spring, isn't likely to back down in the face of any political threats by either President Philip Murray of the CIO or John L. Lewis of the United Mine Workers.

In weighing the political implications behind Murray's bitter break with Mr. Truman, it should be borne in mind that Murray and his CIO Political Action Committee will probably have a choice in 1948 between President Truman and a Republican administration that would be less satisfactory from the standpoint of labor than would Mr. Truman's.

It has been no secret for some time that labor leaders, both of the CIO and the AF of L, have watched President Truman's policies with mounting apprehension and the growing feeling that he is not the staunch ally of labor that President Roosevelt was before him.

In this respect, however, it might be pointed out that labor never before had as stalwart a friend in the White House as Franklin D. Roosevelt, even though John L. Lewis called for his defeat in 1940, and that labor made more advances under FDR than under all the Presidents before him combined.

And while from labor's point of view Mr. Truman's policy may fall short of Mr. Roosevelt's, it compares very favorably with the policies followed by the Presidents who preceded Mr. Roosevelt, a fact that the shrewd labor leaders are not likely to overlook.

RANDOM CLIPPINGS... Fire Chief William Murdoch of Hamilton, Ontario, who believes in leaving no stone unturned in his efforts to prevent fires, last week appealed publicly to burglars to please stamp out cigarette butts before leaving the scenes of their crimes.

### Gives Main Cause For Scarcity Of Industrial Fats

NEW YORK—Confusion and destruction in the Philippines as the main cause of scarcity of industrial fats and oils is pictured by Kenneth B. Day, formerly manager of two of the largest oil processing mills in the Islands.

Mr. Day, who has recently returned to this country after three years of internment by the Japanese, points out that until the coconut oil of the Philippines is again coming into this country at the pre-war rate, kitchen fat salvage will continue to be needed in the United States.

"The whole inter-island transportation system, those small boats by which the copra was picked up from the outlying districts, has been shot to pieces. The boats were sunk by the Japanese. And it takes time to reorganize and to rebuild. It doesn't do any good to start making copra unless you've got trucks to haul it, and vessels to carry it to market."

Destruction doesn't even stop there, according to Mr. Day, who explains that processing mills and refineries in the Philippines are first-class ruins. "From a distance, I saw the flames of one of our own mills burning, so I know of what I speak," Mr. Day continues.

"Our own bombs did a lot of damage and the retreating Japanese burned all they could. We can rebuild our mills, but we must first be able to get machinery, supplies and men. And even if they were in working condition, up to now we can't get any electric power in Manila to run the mills."

"Most of the copra is made by Filipinos from small groves of two or three hundred trees. For years they haven't had any free markets in which to sell, or anything to buy with the money. Certainly the Japanese did very little to keep things going. The theory of 'Asia for the Asiatics' broke down very badly when it came to 'The Philippines for the Filipinos.'"

"Shipping space to the Islands is at a premium, and we need space for trade goods—shoes, cotton goods, canned milk, canned fish and rice—things that are still short in the States. Commodities are still the only real bargaining power. Money can mean nothing to a Filipino or to anyone else, unless he can buy what he needs with it."

There'll be crowds in the stores this Christmas season. The Massachusetts Safety Council advises: Take extra care at street crossings, on buses, street-cars, escalators, and in revolving doors. Avoid over-loading yourself with parcels. Do your shopping a little at a time, so that fatigue won't make you careless.

### Local Xmas Cards To Be Mailed This Week

Over 120,000,000 Christmas Cards will be mailed for delivery in Greater Boston this week. No longer is it a question of holding these cards for fear that they may be delivered too early, the public should consider this year whether they have mailed early enough to provide delivery before Christmas.

Postmaster Patrick J. Connelly strongly urges every patron in the Boston Postal District to deposit their cards for local delivery this week. "We are already swamped with mail both business and Christmas, and every train coming into Boston is bringing additional tons of cards for local delivery. Obviously we cannot handle all of this mail for Christmas, in addition to the millions that have not yet been deposited, unless we are given enough time to process this mail through all of the distributions necessary for even local delivery," said the Postmaster.

Do not jam street letter boxes with Christmas Cards, is the warning of postal men. Bring as many to the postoffice as possible and

face them all one way for expeditious handling. Be sure that sufficient postage is affixed and it is recommended that a 3c stamp be used on these cards to provide forwarding service, where necessary. A great many people move in the course of a year and this fact is unknown to mailers of Christmas Cards. A 3c card will be assured of forwarding to new addresses when known by the Post Office Department. Again, the postal officials request every patron to include their zone number in their address and whenever possible to include the zone number of correspondent in the address.

It is essential that all cards be mailed not later than December 15th in order to permit the postoffice to handle these cards in the face of an unprecedented mail load already on hand and moving in on them from all sides—civilian and soldiers, mail from overseas and to our armed forces in the United States.

Help the temporary letter carriers by furnishing information. Do not ask for your mail on the street. Place your name on your mail box and keep a light burning in dark halls.

## Star Market Co. Awards Loyal Service with Bonus

As a token of appreciation for the loyalty and co-operation shown by employees during the trying war years the Star Market Company, operators of super markets in Watertown, Newtonville, Wellesley, and Somerville, today announced the distribution of an extra year-end bonus to employees.

Those employees who have been with the concern for the past two years received two extra full weeks of pay. Employees of a year or more standing received an extra full week's pay. Over three hundred employees, including part-time workers, participated in the bonus distribution which totaled twelve thousand dollars.

Because employees in the Retail Food Industry shouldered many extra burdens, due to rationing and scarcity of help, it was felt by the Company that extra consideration must be made for the fidelity and co-operation shown.

The Company is starting on an expansion program in the near future and as a first step will open a large new unit in one of the busiest communities north of Boston.

## Msgr. MacKenzie Is Elevated To Domestic Prelate

Announcement of the elevation of the Very Rev. Eric F. MacKenzie, pastor of the Sacred Heart Church in Newton Centre, to domestic prelate with the title of right reverend has been made by Archbishop Richard J. Cushing.

Msgr. MacKenzie assumed his duties at the Newton Centre church on November 22, 1944. He was graduated from Boston College in 1914 and after studying for the priesthood at St. John's seminary was ordained in 1918. He was a professor at St. John's Seminary from 1920 to 1943 and before coming to the Sacred Heart Church had been pastor of St. Paul's Church in Wellesley.

## John S. Whittemore Heads Red Cross Fund Campaign

JOHN WHITTEMORE

John S. Whittemore of Newtonville has been appointed chairman of the 1946 Red Cross Fund Campaign in Newton, it has been announced by the Chapter Chairman, Charles B. Floyd. Mr. Whittemore, a Representative in the State Legislature, brings with him a wealth of experience in civic affairs. In the past, he has served as Chairman of the Retail Stores Division of the Greater Boston War Fund, Chairman of the Republican Finance Committee drive in Newton, Chairman of Special Gifts for Newtonville in last year's Red Cross War Fund Drive, and as President of the Newtonville Improvement Society.

Mr. Whittemore has been busy lining up key people to assist him in this year's campaign and announces the following appointments: Theodore R. Lockwood, chairman of the Manufacturing Division, Joseph Earl Perry, chairman of the Banking Division, Mrs. Wilfred Chagnon, chairman of the Retail Stores Division, William R. Mattson, chairman of Special Gifts, Mrs. Henry T. Patch, Director of the 1946 Fund Office, and Mrs. Walter Webling, secretary to the Fund Chairman.

## Newton Street Department Commended on Snow Removal

### Pro-Burial Mass For Lt. Doherty

A solemn pro-burial mass was celebrated in the Church of Our Lady, Newton on Wednesday morning for Lt. William F. Doherty, USNR, son of Mr. and Mrs. Peter F. Doherty of 2 Barnes road, Newton, and husband of Mrs. Ella May (Martin) Doherty.

Lt. Doherty was reported as missing in action during the battle of Leyte Island having failed to return from his second mission on October 25, 1944, and according to word received from the Navy Department, is now presumed to be dead.

He was graduated from Our Lady's High School where he played both baseball and basketball, and from Boston College in 1938. He entered the Navy in September 1941 and was commissioned in June 1942. He was a pilot of a torpedo bomber and had served in the Pacific theater for six months.

Besides his wife and his parents he leaves a daughter, Elaine Marie, whom he had never seen, and four brothers, Peter J., James, George and Robert Doherty.

### Entire Force Tackles Job At Beginning of Storm

Scores of telephone calls received at the Graphic Office, voiced only praise for the efficient manner in which the Street Department had cleaned the streets of snow which covered the city under a blanket of from 10 to 14 inches.

The entire force of the Newton Street Department was put to work as soon as the storm started Wednesday morning and kept abreast of the storm throughout the day and night so that by noon Thursday it was reported that all main thoroughfares and nearly all side streets had been plowed and were open to traffic.

City officials reported that judging from the number of complaints received from residents the performance Wednesday was far more efficient than during the first storm of the winter.

Acting Street Commissioner Harold F. Young, who was in charge of the work, said that only a few complaints had been received. Beginning at 10:30 a. m. the entire crew of more than 300 men of the Street Department was set to work. The equipment used included 60 trucks, city-owned and hired from contractors. There were few breakdowns of equipment, according to Mr. Young.

It is expected that a special meeting of the Board of Aldermen will be required before the end of the year to appropriate funds to pay for the work. At the first meeting of the Board in December, \$40,000 was appropriated to cover the work of the season's first heavy storm and to provide for a second storm which might occur during the rest of the year. However, the balance is not expected to be sufficient to cover the cost of the present storm. To make up the deficit the special meeting will probably be necessary.

### Notice

By order of Chief Nicholas Veducchio the Traffic Bureau of the Newton Police Department hereby notifies persons who are impeding the work of clearing the streets of snow by parking cars on the streets all night, that such cars will be towed away at the owner's expense in this and any future snow-storms.

## Russo Elected President of City Employees Union

At the meeting of Newton Local 175, City Employees Union held on Thursday evening in Columbus Hall, Newton, John D. Russo, was re-elected president.

Other officers chosen for the coming year were Thomas J. ## Mayor's Recommendation for Sewer Projects Approved By Board of Aldermen

The Newton Board of Aldermen on Monday night voted to appropriate an additional sum of \$8,500 for the Street Department to supplement funds appropriated in the annual budget. Of this appropriation \$5,000 is for maintenance, \$2,000 for drains and \$500 for replacement of equipment.

Mayor Goddard's recommendations for the following sewer construction were approved by the Board:

Sheldon road, Ward 5, additional \$154.06.  
Valentine street, Ward 3, additional \$680.

Estabrook road, Ward 3, additional \$426.

Held up by the board were recommendations for the following sewer construction:

Lorna road, Ward 6, \$3,600.

Allen avenue, Ward 4, \$1,650.

Upland road, Ward 5, \$2,000.

An appropriation of \$1,700 for the Public Welfare, Old Age Assistance was also approved. The Board voted to distribute \$683 from the income of the Spear Fund for "Good Cheer" for the City Home, and \$115.71 from the Kendrick Fund for the needy.

The Board voted not to establish a new department for veterans' aid and to add a new section to the ordinance governing the present department of Veterans' Service.

An act of the Legislature this year permitted cities and towns to accept the act to set up departments to assist veterans of World

## Girl Scouts Plan Busy Holiday Season

Girl Scouts throughout Newton are busy with their preparations for the coming holiday season. By the looks of things it would seem as though the air might be filled with young voices chanting the old beloved carols, and young people carrying good cheer. On Friday a large group of Scouts from West Newton and Newton village will go to the Swedish Home to present a Christmas play, to set up a tree with appropriate gifts, and to sing and dance. Mrs. John Swanton, leader, and her assistant, Mrs. George Hedden, will direct Sally Ann and Barbara Larsen, Barbara Baker, Judy Warren, Nancy Cummings and Julie Kimball in their play "What Christmas Means."

On Friday also West Newton Scouts will sing carols outside the Newton-Wellesley Hospital; singers from Auburndale will visit shut-ins, and fifty girls from Oak Hill will go to the Peabody Home

## Newton Junior Community Club Annual Xmas Party

Tuesday evening the Newton Junior Community Club held its annual Christmas party at the home of Mrs. Joe Warren Gerity, 69 Farlow road, Newton. The party was planned by Miss Marjorie W. Aldrich and Mrs. Robert K. Burns.

Members exchanged gifts with the president, Miss Jane Mansfield, as Santa Claus. Gifts were also collected, under the direction of the vice president, Miss Rhoda White, for the children at the New England Peabody Home.

A program of piano music was given by Miss Rachel Koumrian, including "The Minute Waltz" and "Reverie." Miss Betty Tobey presented monologues entitled "The Tree That Didn't Get Trimmed," and accompanied by Miss Koumrian at the piano. "The Night Before Christmas." A quiz program with Miss Phyllis Andersen and Miss Elizabeth Brown winners, was followed by community singing and refreshments.

Miss Verling Rawson will present a program of book reviews at the next meeting of the club on January 7. On January 13, a buffet supper dance will be held at the Hunnewell Club under the direction of Miss Betty Tobey.

not on duty were present, also the following members on military leave of absence: Lt. Com. George O'Neill, Alex Zilinski, John J. Powers and John J. Salemme. Entertainment was furnished by the radio team of "Hum and Strum" and by Patrolmen James McManus and James S. Goddard. Capt. Mahoney was presented with an engraved desk set.

## Aldermen—

(Continued from Page 1)

War II. The mayor and the Aldermanic committee recommended that instead of setting up a new department, the present ordinance should be amended to extend the work of the present department.

Following a public hearing on the proposal of the Middlesex and Boston Street Railway to run buses on Fuller street, from Commonwealth avenue to Chestnut street, the Board granted the request.

No action was taken on the mayor's recommendation that an amendment to the city ordinance be adopted to provide that the controller certify that funds are available before expenditures may be made by any department.

Requests for additional taxi licenses were granted to the Newtonville Cab Co., 90A Bowers street, for three first class taxis; Robert H. Hudson, 2350 Commonwealth avenue, one first class taxi. Action was held up on the request of John R. Signore, 117 Walnut street, one first class taxi; Paul R. Ward, 150 Edinboro street, one first class taxi, and Robert Frankman, 11 Read court, two first class taxis.

Auto dealer licenses, first class, were granted Washington Motors, 24 Brooks street, and Hugo Pontiac, Inc., 776 Beacon street. No action was taken on the request of Andrew Magazzu, 184 California street, for a second class auto dealer's license.

The Board approved certificates of incorporation to Daniel J. Lyne, 130 Beacon street, Greater Boston Development Committee; Solomon Finkelstein, 14 Nobscot road, Finkelstein Family Charity Fund; Charles Everett Fitz, 235 Commonwealth avenue, Lancaster Institute Corporation.

## Politics With Color

(The opinions expressed in this column are the writer's own and do not necessarily reflect the views or policy of this newspaper.—Editor's Note.)

### Attention, Veterans

I have been asked by Mr. Roy V. Collins, chairman of the Licensing Board in Newton, to give special publicity to the fact that the population of Newton, as officially recorded by the Secretary of State is now 77,257, representing an increase over the last figure of approximately 8,000. Accordingly, (and I am now quoting Mr. Collins verbatim), "This means that the Board can now grant two additional package store licenses, if it so desires."

I am placing this information in my weekly column because it has been available for just one week, but owing to a slight misunderstanding, it was not published last week.

### UNO Headquarters

Now that it has been decided to establish the UNO headquarters somewhere in the United States we must keep our fingers crossed until the United Nations Preparatory Commission renders its final decision as to the exact site. It may well be that the General Assembly will be the body which settles the issue. In any event, it seems likely that either Boston, San Francisco or Philadelphia will be chosen. New York has an outside chance and, possibly, Chicago.

There is one angle to all this which has not been commented on at great length, if at all. What effect will the court troubles of the Mayor-elect of Boston, Congressman James M. Curley, have on the UNO committee? Could you blame them if they decided to bypass Boston and select a city which has a Mayor with a more impressive record and a good deal more savory reputation?

### General Motors Strike

It is interesting to note that a leading Boston newspaper carried on the same page recently two extremely divergent editorial opinions. Strictly speaking, only one was an editorial; the other was the daily column of a nationally-known columnist. The leading editorial, entitled, "Is there a Master Plan?" indicated the possibility that the current wave of strikes is not a symptom of war's impact on the body politic, but is, rather, an integral part of a shrewdly plotted Master Plan, dedicated to the destruction of our American way of life. The CIO is fighting for two objectives, according to this editorial. One is to take over, eventually, the functions of management and the other is to destroy profits, to force American heavy industry into bankruptcy and to push present ownership into the street and take over, just as the Labor party plans to take over in Britain and just as the Communist party in Russia, the Nazi party in Germany and the Fascist party in Italy took over.

Part of the other side of the picture, is presented by columnist Thomas L. Stokes, who suggests that Congress should promptly engage in a little fact-finding of its own. He makes the very good point that workers do NOT go on strike at the beginning of winter, accepting a stoppage of income and facing a dreary Christmas season on the picket line WITHOUT REAL GRIEVANCES that go to the essentials of living for themselves and their families. (The bold-faced type is my own.) He quotes the CIO President as saying that the "workers have suffered a cut which in view of the present level of prices has brought them substantially below standards accepted by authorities in government and elsewhere as necessary for the maintenance of minimum healthful living conditions." Stokes, after stating that "they suffered this cut in the face of the most amazing profit levels in the history of American industry" goes on to point out that Congress has been most generous to industry as a whole, (repeal of the excess profits tax, etc.). Finally, he refers to the attitude of Senator Morse of Oregon, a Republican,

## Christmas 1945

The frenzied guns are stilled, the blood-red stream,  
Has turned to tiny rivulets o'er the world;  
Deep in our hearts again is born the dream,  
To live in peace, beneath His flag unfurled.

Guard well the victory! Paid for by bleeding heart,  
By Gold Stars gleaming through this Christmas night;  
By rows of crosses in some distant part,  
Let's not forget the long and bitter fight.

Mete out stern justice to the craven band,  
Who, sword unleashed, turned in their bitter hate;  
Wallowed in slaughter, pillaged on every hand,  
And tried to make the world their vassal state.

Give to the wronged, full measure of our store,  
Lift up the fallen, let faith be born anew;  
Guard well the ramparts, so that nevermore,  
A world lies at the mercy of the godless few.

There is one banner waving over all,  
Hard though the road may be, bitter the loss;  
If mankind will only hear its eternal call;  
And follow a star that shines upon a cross.

Bill Maloney

## Fagan Elected President of AOH

Charles Fagan was elected president of Division 35, Ancient Order of Hibernians, at the meeting held at the home of Mark Conroy, 67 Pearl street, Newton. He succeeds President A. L. Moriarty, who conducted the meeting.

Other officers for the coming year are: Seymour McLean, vice-president; William V. Clarke, recording secretary; Matthew Shields, financial secretary; Mark Conroy, treasurer; Coleman Conroy, marshal; Callaghan McCarthy, sentinel; Edward Timmins, John Whalen and John Houlihan, standing committee.

Four new members were admitted. The new officers will be installed at a joint meeting with Watertown next month. A gift was presented Retiring President Moriarty by Charles Fagan, who also made an award to Mark Conroy.

Officers of the division attended the quarterly meeting of the Middlesex County group on Sunday at Lowell. The next meeting of Division 35 will be on Wednesday, January 9.

## NEWTON In The Past

55 Years Ago

Newton Graphic, Dec. 19, 1890  
The Morse Burglar Alarm is one of the neatest things in the market, and is bound to work if placed on a window or door. A great many are being sold in Newton, and they are so simple that a child can work them. These and many other articles suitable for Christmas presents can be found at Barber Brothers, Newton item.

The new depot has been rapidly pushed forward this week and a portion of the floor timbers are in place. Newton Centre item.

Blood's block, Newton Highlands, has received a new coat of paint, much improving its appearance. The work was accomplished in one day by Bemis & Jewett, with their force of men.

50 Years Ago

Newton Graphic, Dec. 20, 1895

F. A. Hubbard will remove his drug store, Feb. 1st, to the new block on Centre place, and will occupy the two stores nearest Centre street, until the corner block is built, when he will take the corner store, which will be handsomely fitted up with special reference to the drug business.

People in Newton who wish to do things in style can now secure a parlor car for theatre parties, by addressing the West End Company.

The new city stable on Crafts street, Newtonville, was "warmed" last evening, the highway and public property committee having charge of the arrangements, and besides city officials, a large number of prominent citizens were present, and looked over the building, which is said to be one of the best appointed municipal stables in the state. The cost was \$25,000.

25 Years Ago

Newton Graphic, Dec. 17, 1920

The people here ratified the action taken last spring by the city government on the matter of supervised Sunday sports, and if the future holds nothing worse than what has happened during the past summer, there will be nothing to fear even by the most conservative element of the city.

Major C. Ray Cabot was unanimously elected Commander of Newton Post 48 at the annual election of officers held in the Legion rooms, West Newton last week. Major Henry D. Cormerais was chosen Vice-Commander. Other officers of the Post for the coming year will be Robert L. Cunningham, Adjutant; Thomas W. Quinn, Finance Officer; Rev. William J. Farrell, Chaplain; Leo Taffe, Historian.

Rev. William Lawrence Wood has come to Newton as the new rector of the Episcopal church in Waban.

## Girl Scouts—

with gifts which they have made for the children.

Saturday afternoon will see Troop No. 32 of Newton, with Mrs. Carr as leader heading towards the Baptist Home at Lake street for their concert of Christmas music, and on Sunday twenty-five girls from the Upper Falls will present their annual concert at the Stone Institute.

Locally small groups of Scouts will celebrate the season in their own neighborhoods by filling baskets for the needy, by sending gifts to other less fortunate children, and by learning within themselves that "It is more blessed to give than to receive."

## Lasell Junior College

The Junior Class Officers at Lasell Junior College have been elected as follows: President, Barbara Schardt of Troy, Ohio; Vice President, Margaret Beech of Meriden, Connecticut; Secretary, Janet Botting of Scarsdale, New York; Treasurer, Sarah Cross of Marblehead, Mass.; Song Leader, Linda Koempel of Old Greenwich, Conn.; Assistant Song Leader, Carol Birch of Worcester, Mass. The college will open Thursday, January 3rd for the winter term.

## Earley Installed President Holy Name Society

At the first meeting of the newly organized Holy Name Society of Corpus Christi Church, Auburn-dale, Charles A. Earley was installed as president of the society.

Other officers are Richard V. Keyes, vice-president; Francis Cunningham, treasurer; James Feerick, secretary. Chairmen of standing committees are: Program, Dennis Cronin; marshal, Stephen Belmont; sick and vigils, Hugh Owen, Sr.; stage, screen and radio, Harry Daly; military, Cornelius O'Leary; publicity, W. Edward Wilson youth, John Callahan.

The program committee announced their plans for a "Sports Night" to be held early in January.

The meeting was addressed by the Rev. Daniel McGowan, Ph.D., of the faculty of St. John's Seminary on the subject "The Church and Social Problems of the Day."

A question period followed Dr. McGowan's discourse and the meeting concluded with benediction celebrated by the Rev. Thomas F. Murphy, pastor and spiritual director.

"But, Doctor," argued the prospective patient, "suppose this operation is not successful."

"Don't let that worry you," answered the doctor, in a cheerful tone. "If it isn't a success, you won't know it; and, what you don't know, won't hurt you!"

## Levi F. Warren Jr. High School P.T. Association

The newest of Newton's several Parent-Teacher groups, known as the Levi F. Warren Junior High School Parent-Teacher Association, got under way on Tuesday night, December 11 with formation and election of officers highlighting a meeting held at the school.

Mrs. John C. West of Auburn-dale, Chairman of the Nominating Committee, presented the slate, and the following officers were elected:

President, Mrs. Harold R. Dolby, Auburn-dale; Vice President, Mrs. Roscoe F. Dolby, West Newton; Secretary, Mrs. J. J. Shuman, Waban; Treasurer, Mr. Donald M. Muirhead, West Newton. Directors: Angier District, Mr. L. F. Carter, Waban; Burr District, Mrs. Loring Strickland, Auburn-dale; Davis District, Mrs. Howard Goff, West Newton; Franklin District, Mrs. Harold Holmes, West Newton; Hamilton District, Mrs. William J. Troup, Newton Lower Falls; Pierce District, Mr. Harold A. Amidon, West Newton; Williams District, Mr. Kevin Lyons, Auburn-dale; Faculty District, Mr. Emil E. Keiler, West Newton. Kevin Lyons of Auburn-dale acted as Chairman of the meeting. In outlining the group's aims and purposes, he said that a Planning Committee had been at work since last October with Mr. Herbert Stewart of West Newton acting as Chairman.

Of particular interest were the

remarks of Dr. Homer Anderson, Superintendent of Schools, in connection with the future building program of the School Department, especially in providing trade plants and units that will teach phases of aviation, airplane modeling, and construction work.

Mr. William C. Greene, President of the Newton P. T. A. Council, gave an interesting talk on the work of this group. Following Mr. Greene, Mr. Henry Cummings, past President of Weeks P. T. A., spoke on the functions of the P. T. A.

Mr. Dolby, the newly-elected President, for many years has been an executive of Hotel Service, Inc., in Boston, publishers of a newspaper catering to the hotel, restaurant, and allied businesses. In accepting the office he said in part:

"Although I am new to P. T. A., I am not unmindful of its responsibilities or the job it has to do in the new year approaching."

"If we, the parents, are to believe Penal Commissioners, Jurists, Scientists, Doctors, and Psychiatrists, then we, the parents, stand indicted for the current juvenile delinquency and crime wave. Even the teachers and the church are included in some of the indictments. That puts us all in, doesn't it?"

"Well, ladies and gentlemen, I for one do not intend to sit down and accept the indictment in toto. Mark you, I say 'in toto.'"

"Up to a certain point, and in some cases, the indictment stands, but when these so-called experts indict us as a group... parents and teachers, then it's time for the P. T. A. to take inventory and find out on what ground they have to issue such an indictment."

"There's just one more thing I would like to say about this group's immediate, future program."

"Many of the service men now returning have children of school age. These returning veterans have certain ideas about our educational system. Their thinking has changed. Their viewpoints are broader. If and when you find a returned veteran with children in this school district, won't you invite him to become a member of this group and tell him why you want him as a member. Tell him FRANKLY you want his thinking."

"There never was a time in the history of education when the need was more urgent for close and intelligent cooperation by the teachers and parents."

"The day of 'you can't do that to my child' has gone. It has been replaced by 'Do what you will with him if it will help him.'"

## Boston's Christmas To Be Beamed On World Broadcast

With Boston one of four cities in the United States chosen to participate in the OWI Christmas broadcast which will be beamed to all the English speaking countries of the world and translated into 18 foreign languages, Miss Mildred Bailey of radio station WCOP will make Beacon Hill carol singing come to life for listeners the world over.

Miss Bailey, who conducts a "Food Is Fun" program on WCOP, Monday through Saturday, will lead off the OWI documentary review of Christmas in the United States.

From Boston, the broadcast will move to New Orleans, then Salt Lake City, and finally to Hollywood, where Lionel Barrymore will take over the microphone. Miss Bailey will report from Boston at 2:00 p.m. Christmas Day, and with the time differential, the world listeners will be taken backward over Christmas Day to 11:00 a.m. on the west coast.

## Osteopathic Hospital Conducts Building Fund Campaign

A check of 2,500 has just been presented to the Massachusetts Osteopathic Hospital, Jamaica Plain, for its \$200,000 Building Fund, by the Women's Association of the Hospital. The amount was made possible by the success of the annual Christmas bazaar, held recently by the Association in the Copley Plaza Hotel.

An attractive table was stocked and staffed by the Newton Auxiliary of the Auxiliary, under chairmanship of Mrs. Ernest A. Marcoux, 34 Eldredge street, Newton. A unique feature was a miniature carousel, ingeniously engineered by Harold G. Pollock of Watertown and Dr. Marcoux, and decorated and furnished by the committee. Its revolving burden of Christmas gift suggestions was one of the first

## "I'm just not myself from 5 to 6 P.M.!"

Sad, but all too true! That's one hour when our subways have more business than they can handle comfortably.

5 to 6 in the evening is frankly the biggest rush hour in our downtown subway history. And unfortunately, running more cars in the subway during the rush hour would not improve this condition, but would only result in slowing up the service.

But maybe there's something you can do.

Please—if you possibly can—try to plan your trips in town so you will be going home either before 5 or after 6.

Lots of people have to use the subway during the 5 to 6 rush hour. If you don't have to, you—and they—will be much more comfortable if you choose another time. Thank you!

## American Legion Post Plans Annual Christmas Party

A demonstration of radar is being presented by Stuart Spaulding of Newton at the meeting of the Newton Post, American Legion, Thursday evening at 8 p. m., in War Memorial Hall, Newton Centre.

Spaulding will show motion pictures and will set up radar equipment. A turkey will be given free as a door prize.

Commander G. Harry Dath has announced the appointment of a building committee, which will report on the matter of procuring more suitable quarters for the Post. Refreshments will be served by the auxiliary.

Plans have been completed for the annual children's Christmas party to be held on Sunday, Dec. 23, at 2 p. m. in the City Hall Cafeteria. John B. Foley, chairman of the committee, expects to entertain 300 children. The program will include old-fashioned movies, several acts of vaudeville, ice cream, cake and candy. Gifts will be distributed by Santa Claus. Assisting Chairman Foley with arrangements are Wallace Cox, Adjutant Francis W. Murther, George Keiswetter, Francis P. Frazier, Commander Dath, Vice-Commander Martin E. Conroy Junior Vice Commander Lyman W. Whitcomb, Peter Kelley, Stuart Spaulding, J. Sherman Irving and Henry C. Hurley.

## Cousens Fund Invests \$25,000 in Series F Bonds

The investment of \$25,000 in "F" Series U. S. Savings Bonds by the Horace Cousens Industrial Fund of Newton has been announced by the trustees.

The fund, set up by Horace Cousens to aid Newton homeowners, who need mortgages, was formerly in great demand and has nearly doubled itself since its inception reaching nearly the million dollar mark. The abundance of money and the lack of home purchasing resulted in the large uninvested amount and prompted the trustees to buy government bonds.

The trust provides that interest be charged at three-fourths the prevailing rate and when the fund reaches the million dollar mark, the income is to be used for free hospital beds for the needy.

## Waban Neighborhood Club

Mr. and Mrs. Kirk Boott have planned a wonderful afternoon of fun and entertainment for the youngsters of all ages on Saturday, December 22nd at 2:15 p. m. There will be Harry Lee, comedy juggler; Bill Student with Sunshine the wonder dog; Emil Edwards, in a trip to shadowland; Chris the magic clown, "direct from Ringling Brothers Circus," and Ray Collins at the piano.

Have the children save this date to come and bring their friends. We expect some of the old folks will be there too.

Perhaps one way out of the sugar shortage would be for scientists to discover some way of reclaiming the several million tons of sugar found at the bottom of the nation's coffee cups.

## Newton Lodge of Elks

At the meeting of Newton Lodge of Elks on Thursday evening, December 13, reports were read by returned service men from Elks Lodges all over the world. Capt. Paul Leahy of West Newton, who served in the Pacific for many months and is now stationed at Fort Devens told of visiting Elks homes throughout this country and in the Pacific. The Elks Home in Manila he said had been destroyed by the Japanese. George O'Neil also of West Newton, who served in Europe told of the ruins of the Elks Home in Berlin.

The meeting was conducted by Exalted Ruler R. John Henderson. Leading Knight Nicholas Veduccio reported for the building committee that the vote for remodeling the present home was 114, and 45 members had voted in favor of a new home.

A letter was read from James Erickson of New York, oldest living member of the Newton Lodge, who recently recovered from an illness. A letter is to be sent him by Secretary Thomas F. Coppinger congratulating him on his 95th birthday.

Announcement was made that Waltham Lodge will do the initiating work at the meeting on Jan. 10 and that on Jan. 24 a "Past Exalted Ruler" Night will be held. The committee appointed to arrange for the Jan. 24th meeting includes Thomas Lyons, George King, Thomas Coppinger, John Feeney and Wilfred Chagnon.

James P. Felch and Salvatore Gaziario were admitted to membership and the following were initiated: James Boyle, Edward F. Herlihy, George W. O'Neil, Ernest A. Sautier, LeBaron Fennell, Francis E. O'Day and Edward L. Callahan. Norman Hartford was admitted on a "dimit" from Watertown Lodge.

Refreshments were served by the house committee under direction of James Burns.

The next meeting of Newton Lodge will be held December 27th.

## Rotary Club

Dr. Kirtley Fletcher Mather, Professor of Geology at Harvard University, addressed the Newton Rotary Club at their meeting on Friday, December 14 at the Brae Burn Country Club. His subject was "Science and the Atomic Bomb."

Dr. Mather in a genial and instructive mood converted all the Newton Rotarians into nuclear physicists and together they took the universe apart to see what makes it tick. Dr. Mather stated that in December 1942, "on a miniature laboratory scale, a new knowledge was first released by man, and at 5:30 a.m. on July 16, 1945 under the observation of the country's leading scientists the world entered the atomic age with the explosion of the first atomic bomb."

At the same instant the very existence of mankind became dependent on the degree to which intelligence and good will can prevail throughout the world. As that overcast New Mexico landscape was illumined by the flash of a dozen noonday suns, so the dark corners of human relations are opened to the vision of all who have the will and the capacity to see. Science has contributed to mankind a new and almost limitless power for both good and evil."

Guests at the meeting were: Arthur Hildreth, James Esson, Boston; Louis Bachrach, Boston; Edward Wainwright, Watertown; John Walsh, Waltham; Robert Brotherton, F. B. Turner, Elmer Ellsworth, Charles Thompson, William Limric, Walter Stacey, R. H. Cramer and George Wood.

### Changes for Baby

Mothers are advised not to worry about shortages in diapers and diaper service. Obstetricians say many mothers change the baby too often, anyway. In addition they say that too much changing makes baby overly conscious of natural functions.

## In The 14th Century

the Mongols, sweeping in with relentless fury, obliterated many of the cities that had been great weaving centers. With their havoc they also made certain contributions, including some additions to the textile resources of Persia, both in design, in technique, and in color. The new influence is best represented in the rugs from the Northeastern part of Persia.

These rugs are interesting, colorful, and vibrant like the mind of any loot-seeking Mongol.

This last week I received three bales of such rugs. Come in and choose a rug that will give color and warmth to your hall or library. The prices are unbelievably low.

## Sarah Hull Chapter D.A.R.

Sarah Hull Chapter, Daughters of the Revolution held their 49th Birthday Party at 2:00 p.m. on Wednesday, December 12th, 1945, at the home of Mrs. Albrose B. Hinkle, Jr., 16 Hunnewell circle, Newton, Mass.

Mrs. Arthur C. Johnson, the Regent, presided, and after the Salute to the Flag, and a very short business meeting introduced the speaker of the afternoon, Mrs. Kimball, who had, as her subject, "The Wharf." Mrs. Kimball had had an apartment on T Wharf for eleven years, and she told us of her experiences, pleasant and otherwise, during the time she has been there. She spoke of its location on the waterfront of Colonial Boston, and how that has changed in the years gone by, and of the history of the Wharf to the present-day. Her talk was very interesting.

Mrs. Charles E. Morrow cut the birthday cake, and ice cream and coffee were served. The National President, Mrs. G. E. Parker, and a past-president, Mrs. Bowen, with a past-State Regent, Miss Grace I. Gay, were guests.

# MERRY CHRISTMAS

And Heartiest Greetings  
of the Season to You!

This is the merriest, gayest and most joyous Christmas we've had in many years. And we've got a big Christmas package here for you—just bursting with good wishes and good cheer for the best of everything during this Yuletide season and for all of 1946. And tucked into the corners of this surprise package are "thank you" messages from us to you—for your appreciated cooperative spirit during the trying war years. We look forward to serving you in the Peacetime years to come.

These are happier New Year tidings than we knew we could bring a year ago! So together let's rejoice that Peace is again with us, and make merry from midnight to morning! Happy New Year folks, and here's to the best of everything for you and yours all year and always!

## Weapon Against Epidemics Vitally Needed Overseas

Clothing is vitally necessary to combat epidemics in Europe, China and the Philippines according to cables received from relief workers in all liberated areas Mrs. F. Brittain Kennedy, local chairman of the Victory Clothing Collection, declared today.

The nation-wide clothing drive for overseas relief is being conducted on behalf of UNRRA (the United Nations Relief and Rehabilitation Administration), from January 7 to 31. President Truman said the campaign is imperative and called upon Henry J. Kaiser, West Coast industrialist, to be its national chairman.

Cities, the reports state, have been suffering serious epidemics of pulmonary tuberculosis, bacillary dysentery, typhoid fever, diphtheria, pneumonia, scabies and various skin diseases caused by exposure and malnutrition.

In France where the war left two million people homeless, the infant death rate has climbed to 75% of the country's birth rate. The bombed-out people of Holland are living in chicken runs and leaky shacks, and are suffering from skin ailments. From Greece come letters telling of thousands living in mountain caves.

Americans contributed sufficient clothing, shoes and bedding in the nation-wide clothing drive of April, the United Nations Clothing Collection, to aid 25,000,000 people in Europe, China and the Philippines. Supplementing the U. S. contributions, the people of Canada, Australia and New Zealand have given approximately 20 million pounds of used clothing for overseas relief. But UNRRA reports that millions of other war victims are suffering and dying from lack of clothes.

To help meet these needs, the Victory Clothing Collection was organized. The American people are asked to contribute 100,000,000 serviceable used garments, with shoes and bedding in addition. Contributions will be shipped overseas promptly.

Newton's goal is 80,000 garments.

## Inauguration Ceremonies At City Hall Tuesday

Goddard Begins Fourth Term  
As Mayor of Newton

Inauguration ceremonies will take place on the afternoon of New Year's Day in the aldermanic chamber of the Newton City Hall, when Mayor Paul M. Goddard will be inaugurated for his fourth term and will make his inaugural address.

Preceding the inauguration there will be a joint meeting of the Board of Aldermen and the school committee when the present Board will refer all unfinished business of the past year to the incoming board. The 21 aldermen and seven members of the school committee will be sworn in by the mayor after he has taken the oath of office.

Following the inaugural exercises the new board will elect a president and vice president and the school committee will adjourn to their quarters in the office of the School Department to elect a new chairman as the present chairman, Charles R. Cabot, is retiring.

## Bronze Star Medal For Sgt. MacLennan, Killed In Germany

A Bronze Star Medal was awarded to Duncan A. MacLennan, 41 Richardson street, Newton on Wednesday, December 19 at the Commonwealth Armory for his son, Sgt. Walter E. MacLennan, who was fatally wounded in Germany on Jan. 22 of this year.

Sgt. MacLennan had previously been wounded during heroic action in the battle of the hedger in Normandy in July, 1944, and had received his first Bronze Star Medal for heroism at that time. His platoon was assigned the mission of blowing up hedgerows to make passages for tanks in support of a tank-infantry engineering combat team.

Although the men were working under enemy artillery and mortar fire and his platoon had become disorganized due to losses the citation tells that the Newton man kept the tanks advancing by placing charges and blowing gaps in the hedgerows.

Sgt. MacLennan had recovered from his wounds and returned to action in October, 1944. He was fatally wounded on Jan. 22 and died the next day in Holland. In service for almost three years, he landed in Normandy on D-Day.

A graduate of Newton High School, he was assistant to the sexton at Grace Church before entering the Army.

## Student Canteen Holds Xmas Party

The Newton Student Canteen held its first Christmas party last Friday at 15 Highland avenue, Newtonville, with 500 young people participating.

Music was supplied by Sid Moriana and his Band and the program included impersonations by Jim Henderson and Bill Raleigh; "White Christmas" and "I'll Be Home for Christmas," sung by Joan Nimmo; community singing and dancing. The canteen members presented a bracelet with matching earrings to Mrs. Daniel Lavery, senior hostess.

The public address system was loaned by Pat and Leo Conzo of the Silver Lake Radio Co.

## Symphony Concert Postponed

The Symphony Concert by the High Pines which was postponed because of the storm on December 19th, will be held at Eliot Chapel, Newton, late in January. The exact date will be announced later.

## Dedicate New Chapel at Union Church, Waban

A service of dedication of the new Chapel of the Union church in Waban was held on Christmas Sunday. The service was arranged by Dr. Charles Herrick Cutler, D.D., pastor emeritus of the church.

The window of the Nativity, on the south side of the Chapel is the gift of Mr. and Mrs. Hugh Munro in memory of Lieutenant Hugh Munro, Jr.

The windows of the four Evangelists, on the west side, are the gifts of Mrs. Sawyer in memory of her husband, Harold R. Sawyer. The altar, pulpit and chairs are memorials to William C. Strong. The cross, candlesticks and vases on the altar have been given by Mrs. Upham in memory of E. Payson Upham.

The committee in charge of the chapel project included: Mr. Ted H. Oakey, chairman (from the Society Committee); Mr. Clifford H. Walker (from the Trustees); Mrs. John T. Croghan (from the Church Committee); Mrs. Gardner Henderson and Mr. Clarence A. St. Lawrence. The work in the Chapel has been planned and supervised by Mr. Richmond K. Fletcher and Mr. Felix A. Burton with the help of Mr. Kenneth D. McCutcheon.

## S-Sgt. Haverly Officially Dead

Staff Sgt. Robert L. Haverly, 19, a hero gunner on a Liberator bomber, who has been listed as missing since Dec. 9, 1944, has been declared officially dead, according to a War Department notification to his parents, Mr. and Mrs. Peter J. Haverly of 114 Tolman street, West Newton.

Sgt. Haverly completed at least 15 missions on an Italy-based bomber and received the Air Medal, with Oak Leaf Cluster, and the Presidential Unit Citation. He was attached to the 15th Air Force.

A graduate of the Newton High School in 1942, Staff Sgt. Haverly entered the Army Air Forces in October of that year and was overseas about six months. His brother, Joseph A., served in the Army Air Forces. He is a grandson of former License Commissioner and Mrs. A. Leslie Moriarty.

The Presidential Citation to Sgt. Haverly's Group was for bombing underground oil storage installations in Vienna. The Citation stated: "The destruction inflicted on the enemy by this Group immobilized countless enemy aircraft and halted divisional motor columns destined for the support of ground troops on all fronts."

## 50 Vets Join Newton Post 48, A.L.

At the meeting of Newton Post, 48, American Legion held at the War Memorial Building, Newton Centre on Thursday evening, December 20, fifty veterans of World War II were voted into membership.

A talk on "Radar" was given by Stuart Spaulding, former Navy radar specialist who is a member of the Newton Post. Commander Henry G. Daty conducted the meeting.

Acting Street Commissioner

Mr. Harold F. Young,  
Acting Street Commissioner,  
City of Newton,  
City Hall,  
Newton Centre 59, Mass.

My dear Mr. Young:

On behalf of our organization, we wish to express our appreciation of the very efficient work of your department in the removal of snow from our streets following the storm of last week.

Few of our citizens realize that Newton, covering as it does an area of 18 square miles, with 275 miles of streets (about 3 times greater than other communities) has a real job on its hands following every snow storm. The storm coming as it did in the last days of the holiday shopping, would have made the going doubly difficult if it had not been for the able manner in which it was handled by the Street Department.

Wishing you the compliments of the Season, we remain

Cordially yours,

NEWTON CHAMBER OF COMMERCE  
Rupert C. Thompson,  
Secretary.

## City Employees To Get Wage Increase

Clifford T. Boudrot, president of Newton Local, 800, A. F. of L., City Employees Union announced on Saturday that Mayor Paul M. Goddard has approved a wage increase of 5 cents per hour to city employees.

This increase President Boudrot states amounts to an 8 per cent increase and together with the 15 per cent annual bonus makes a total increase of 23 per cent over pre-war wages.

President Boudrot also announced that a request for a list of salary deductions with each wage en-

velope has also been granted. An accounting machine has been ordered and pay envelopes will include itemized accounts of amounts deducted for withholding tax, Blue Cross fees, Victory Bonds and retirement fund.

The Local has also discussed with Mayor Goddard the matter of insuring City-owned vehicles to cover the city and operator in case of damage to others. Aiding President Boudrot on the committee, which talked to the mayor, were Harry Purcell and Primo Olivigni.

## Rebecca Pomroy House Holds Holiday Parties

A whirl of activities has kept the members of the Rebecca Pomroy House, a Newton Red Feather Agency, busy during the Christmas Season.

There were parties for the little tots of the Nursery School, for boys and girls, for High School young men and women, for service men and women.

During these days those helping to make the festivities more interesting included the following leaders and friends: Mrs. Walter Forbes, Miss Phyllis Schipani, Mrs. Frank Larabee, Miss Virginia Fisher, Mrs. Hugh Hince, Miss Theresa Shannon, Miss Rita Costello, Miss Mary Coffee, Mrs. William Jarvis, Miss Ruth Leavitt, Mrs. Helen Legere, Mrs. Virginia Towse, Mrs. Walter Jamison, Miss Betty Brooks, Mrs. Ruth Tedesco, the Misses Nancy Murphy, Doris Frediani, Mary Wolfe and Eleanor Neville.

The members during this time have contributed to a fund for food for European children so that their days, too, may be a little brighter.

### Urgently Needed — 100 Million Garments

In this atomic age we all live on the same street. If the main bursts all our cellars are flooded. Therefore each and every one of us has an equal interest in seeing that the main doesn't wear thin.

Civilization has worn very thin in the past war years. Millions of men, women and children have been reduced by the savagery of war and its aftermath to a condition approaching barbarism. People of practically every nationality, racial strain, social group have been terrorized and thrown into combat with the starkest realities of maintaining life. Now the threat of epidemics and social unrest hangs over the world.

Literally and figuratively we must clothe with faith and hope and courage those millions whose homes were and are on the battlefields of this war.

Each one of us can do our part. Each and every one of us has clothing, shoes or bedding which we can spare. We can share these things with the people who hid and saved escaped Allied airmen or soldiers. We can share these things with the people who supplied Allied troops with useful information about enemy positions, minefields and troop dispositions. We can share these things with the people who sabotaged enemy production, transport and communications. And we can share these things with the people who held the enemy and gained us precious time.

Last spring we searched our attics, closets, chests and found in them sufficient serviceable clothing to aid 25,000,000 people in Europe, China and the Philippines. Let's not forget the others who have not been aided.

The Victory Clothing Collection is an effort to collect 100,000,000 garments with additional shoes and bedding.

### For The New Year

"The Lid Is Off!"... "No Curfew for New Year's!"... "Record Crowds & Spending Expected in Nightclubs!"... Thus the news from the cliff-dwellers' cities. You would think all the U. S. was going on a hilarious binge.

But the great part—let's say the greatest part—of America will do no such thing. From hundreds of thousands of churches and homes there will rise quiet prayers at the midnight—solemn invocations that the new year be one of peace and bright promise, of brotherhood and of understanding.

Truly 1946 will be a year in which guidance Divine might well be invoked—for the world, for our nation. It is comforting to know, therefore, that in a myriad of old-time "watch parties" it will be sought, in humble consciousness of our human limitations.

And may New Year's Eve be but a beginning. In the days to come whenever the conflicting sides in the industrial disputes, which are the immediate concern of us all, sit down together to try and try again to find the solution, might not there be an opening moment of earnest silence—in the spirit of the New Year's invocation?

## Politics With Color

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the views or policy of this newspaper.—Editor's Note.)

### New Year Thoughts

At least once a year it seems to me that it is fitting and proper to get off the beaten track, forget the practical details of petty politics and make an earnest effort to dig up a few constructive, helpful thoughts.

Suppose we consider briefly the four major fields which this column endeavors to cover during the year: international, national, state and local.

In the international field we have two major problems of vast importance—the handling of the atomic bomb and our relations with Russia. I am not forgetting for a moment the vital urgency of the work of UNRRA. However, except for some concern over the practical operation of this agency and the suspicion that more or less graft has crept in to the management, there is no important issue at stake. Neither Europe or any other country should be allowed to have its people starve to death.

As for the atomic bomb, there is far too much hysteria throughout this country, to say nothing of other countries in all parts of the world. Furthermore, our scientists do not see eye to eye with the military establishment. We have, therefore, two major problems to handle. First, we must get a grip on ourselves, study this new factor with meticulous care and endeavor to calm down. Secondly, we must use what little influence we have to persuade our statesmen and our scientists to get together.

Russia presents another intricate problem. Here we are apparently in trouble whichever way we move. If we try hard to be good neighbors, good Christians and all that, we may save our conscience, but we run a serious practical risk of leaving ourselves exposed to possible danger at some future date. Our policy of constant appeasement of this vast country does not seem to get us anywhere. Russia sometimes mistakes our policy for weakness and hesitation. Therefore, she goes blithely on her way, makes her own deals, takes what she wants or needs and waits to see what, if any, we can do about it. On the other hand, when we temporarily get tough and stand up to Mr. Stalin, there are those who shriek that we are preparing for a third world war. Somewhere in between these two policies is a proper middle ground. How are we to locate this middle ground before we run into serious trouble? The point I wish to make, however, is this. All of us should do much more than we do to study and attempt to understand these remarkable Russians. It is my humble opinion that Russia is still a peaceful country and will play fair and square with us if our worthy Congressmen and radio commentators will give her a chance to work in harness with us.

Nationally, the two big headaches right now are the labor situation and the proper handling of our numerous and highly complicated veteran problems, which include jobs, housing and essential medical care, to mention but a few. My contention here is that too many of us fail to give these matters our best thought and judgment. We either instinctively take the management or the labor side of the issue or else we go through the motions of studying the situation and then kid ourselves into thinking that we have arrived at a reasoned conclusion. Without realizing it, perhaps, we unconsciously read those bits of news and those editorials which chime in with our personal views. Right? If you agree with me, let's see

Well look who's here, with smiling face. None other than Father Time, with points galore and plenty more, and a record that is fine. We bow to you, O Father Time, for you have done real well, and for the victories of the war, we give you the golden bell. You raised our hopes on V-E Day, when our hearts were sorely tried, we prayed and hoped for total peace upon that victory tide. And when you gave us that V-J Day, you set our hearts on fire, then tears of joy and sorrow came, 'twas all the world's desire. Your predecessors sure were hard, they dealt an awful blow, that caused the death of countless lives, and cities were laid low. Now the world is licking wounds, inflicted by its foes, until you intervened for us, and so black history goes. O Father Time you'll soon be gone, there's one thing more we ask: instruct your successor in forty-six, to lighten our weary task. Tell him we want to smile again, to live and laugh with joy; tell him the new atomic bomb is not a human toy. So tell the bells forty-five, no tears to be shed, and ring them louder for forty-six, for forty-five is dead! — Happy New Year to all.

A Plea for Safe Sliding  
Is there any logical reason why we can not have sliding made safe for our children by having vehicles barred from certain streets at specified times? Why not prevent serious accidents in this simple manner?

There is now a city ordinance prohibiting sliding but no law can ever stop children from enjoying this sport nor should they be denied this fun. We beseech juvenile delinquency yet discourage the wholesome, innocent activity of sliding. Won't the Aldermen and the Police please cooperate and let the children of Newton slide in safety instead of in the midst of traffic?

A Newton Mother

### Rotary Club

"A Baby Is Born" was presented by the Rev. Everett L. Farnsworth, pastor of the Newton Methodist church, at the meeting of the Newton Rotary Club on Friday at the Brae Burn Country Club, West Newton.  
Franklin G. Field, soloist, sang Christmas carols, Milton Heath, a member of the club who served with the Army overseas for 20 months was welcomed back.  
A period of silence was observed in memory of Dr. Edward D. Leonard, an honorary member of the club, who died on Saturday, Dec. 15. The Rev. Ray A. Eusden, D.D., offered a prayer.

if we can all make a real attempt in 1946 to be open-minded, fair and reasonable. Incidentally, let us hope that some of the more violent G.O.P. partisans will give President Truman a break next year. After all, he didn't want his present job any more than his most bitter critics wanted him to have it. Here again, let's play fair. The man is on a tough spot. In the field of state politics, it is obvious to the most casual observer that too many politicians think first of themselves and their party and then of the welfare of the state as a whole. If anybody cares to challenge that statement, I'll be glad to debate it anywhere. Of course, if Boston or some nearby community gets the nod from the U.N.O. and the headquarters of this tremendous organization are set up in our midst, all our worthy politicians will have to snap out of their customary way of thinking and acting and become broad-minded, impartial, and unselfish citizens once more.

I suppose that your columnist, to be consistent, should even give James Michael Curley a break at this point. After all, barring accidents, he will soon be serving as Mayor of Boston. Why NOT assume that he will put his best foot forward and really try to do a fine job in his last effort at public service? I think it is more than likely that he will do just that.

With reference to Governor Tobin, let those Republicans who worked so hard to make him Mayor of Boston not many years ago quit fuming over his behavior since he ascended Beacon Hill. We have heard much worse Governors than Maurice Tobin and they were not all Democrats either.

Right here in Newton there is work to be done. A few short weeks ago, in the heat of a campaign, I heard cracks made about one of our highest public officials. If course, it was all on a whispering basis. Nobody had the courage to say out loud what they whispered in private. Thank God we can still hold our heads high in Newton, knowing that OUR Mayor is not being dragged through the courts or subjected to proper, stinging criticism, based on facts, character or low standards. Let us hope that future campaigns will see decent justice done to those who are in the clear and that the violent criticism is directed SOLELY at those public servants of lesser importance who have apparently failed in their assignments. In politics, unfortunately, there are many "cager beavers" who are so anxious to get elected to some office that they strike out at random and try to advance themselves at somebody else's expense.

All this is an effort to think out loud with my readers. I hope that there is something to think about here. In any event, I wish all of you and all Newtonians everywhere a very Happy New Year.

P.W.C.

## NEWTON In The Past

55 Years Ago  
Newton Graphic, Dec. 26, 1880  
Brew, Allis & Co. are at work on the new Newton directory, and verifying the Boston addresses, many of which have changed since the last directory was issued.

The Adams Express office has been the busiest place in the city, in the Newtonville postoffice, for the several days preceding Christmas, an average of 7 bags of mail per day were forwarded.

The holiday gifts have made plenty of work for the postman. In the Newtonville postoffice for the several days preceding Christmas, an average of 7 bags of mail per day were forwarded.

The two lamps have arrived and have been put up this week. Elliot item.

50 Years Ago  
Newton Graphic, Dec. 27, 1885  
Postmaster Morgan has been renominated and confirmed for another four years, and evidently every one is satisfied with the way the office is conducted, as there was no hint of an opposition candidate. Newton believes in keeping a good official when it has one, and the "spoils" doctrine seems to have no followers here, who have the courage of their convictions.

The citizens of the Falls are getting ready to kick, and make a big kick over the conditions of High Street. They claim this street is continually out of repair and although their tax bills come in regularly nothing is done for the street. At the present time, to use a popular expression, the road is in places "out of sight" owing to the thick layers of nice rich mud that covers it.

The board of health has had all the Newton and Boston street cars fumigated so that there may be no danger of their carrying diphtheria germs. The new fad about "cultured cases" is said to show diphtheria germs in cases of common sore throat, slight colds, tonsillitis, etc., and the devout believers in the fad think this indicates diphtheria.

25 Years Ago  
Newton Graphic, Dec. 24, 1920  
What promised to be a brief and uneventful meeting of the aldermen on Monday night proved unusually long and contained some interesting facts. Mayor Childs recommended \$2500 for emergency lighting of various school buildings and also recommended winter work on Woodward street, for the unemployed.

Dr. Duncan Reid has been given charge of the special heart clinic recently opened at the Boston Dispensary. Newton item.

### Cambridge Center Offers Courses For Veterans

A new course designed by veterans to aid ex-servicemen and war workers in their readjustment to peacetime living highlights the 42 courses offered Newton residents in the mid-winter term of the Cambridge Center for Adult Education, commencing the week of January 7.

"Since 1941," a round-table discussion group, featuring New England vocational, educational and professional leaders at each session, is an educational experience to orient veterans and others interested in the present day story of their country and what it has experienced during the four war years. The course will be directed by Robert C. Rankin, Associate Professor of History, Simmons College.

Preparatory to the start of the new term, the Center will hold an open house at 42 Brattle street, Harvard Square, on Thursday, January 3, from 7:30 to 10:00 p.m., to which all persons interested in Center courses are invited. Examples of class work will be on display, and leaders of all classes will be present to give information on course subjects.

Scores of Newton residents completed Center courses last term, and although registration for the new term is heaviest in the usual scholastic subjects — arts, languages, and history — new courses which are expected to attract wide interest among registrants are "Salesmanship," "Wood Carving," "Puppet Making," and an exercise class for men only.

Two new musical courses, in addition to the popular vocal and piano classes, were offered for the first time in the late fall term. These were well received that they will be repeated with a larger enrollment in the forthcoming mid-winter term, according to Lydia C. Weare, Director of the Center. These are the String Ensemble, conducted by Klaus Liepmann, former director of the Yale Symphony, and the Chamber Music Group, under the direction of Erwin Bodky, faculty member of the Longy School of Music.

Booklets and information regarding new classes are available by writing or calling the Center, 42 Brattle street, Cambridge; Kirkland 0314.

Electric Power Trains  
Mobile electric power trains were utilized in invasion of Germany when power plants were blown up. The idea, an American one, was a godsend to the Russians. By the use of railroad cars of special design mounted on standard trucks; tanks, trucks and other war equipment could be repaired close to the front.

We'd like to find the largest bell in the world and strike out our New Year's greetings on it. Because we know how much more gladness there will be for everyone in 1946.

Our heartfelt thanks to our loyal patrons who have made 1945 a good year for us, despite wartime shortages and trying inconveniences.

We will be closed Monday, December 31st so that our employees may enjoy a well earned rest. Open Wednesday, January 2nd as usual.

Happy New Year and the best of everything for you and yours.

## Raytheon to Operate Radar on West Coast Ferry

The Federal Communications Commission at a meeting of the entire Commission granted Raytheon Manufacturing Company special temporary authority to install and operate an experimental radar equipment on the new stream-lined ferry, the SS Kalamazoo, operated by the Puget Sound Navigation Company, between Seattle and Bremerton, Wash-

ton. The system will be used to determine the operating requirements for similar ship installations all over the world. The location and ship run was chosen because of the particularly difficult navigational problems. On a large percentage of days the fog obscures the run and the Kalamazoo must thread its way through the tremendous quantity of shipping in the busy Puget Sound area, where the narrow passages will afford an unusual opportunity to put to test the value of electronics. This is the first such authorization that the FCC has ever given, with Raytheon pioneering.

Everybody's saving now for the peaceful post-war world of new homes, new refrigerators, new automobiles and other products that will again be available. Open your savings account today at this bank.

## Director—

(Continued from Page 1)

United Prison Association January 2, 1946.

In making the announcement of Mr. Bond's appointment Mr. Trowbridge said:

"The appointment of a Director of Public Information marks a new emphasis in the work of this organization. For six years the United Prison Association has been helping to reduce crime in Massachusetts with a program of rehabilitative services for discharged prisoners. By cooperation with Federal, State and County correctional officials the Association has been able to assist in the rehabilitation of many former prison inmates."

"The United Prison Association and its twelve hundred members have also encouraged the enforcement and improvement of laws valuable to a more effective correctional system in the Commonwealth. This work on behalf of good penal legislation will continue."

"The decision to expand our work in the field of public education is the direct result of six years experience which has convinced us that fundamental changes in the treatment of the crime problem can result only from an aroused public interest."

"Under the direction of Mr. Bond the United Prison Association will maintain a speakers' bureau and will attempt to enlighten the community on correctional matters by means of the press and radio."

"We are now writing so many orders for spring delivery," Walker asserted, "that our force is taxed to capacity, manufacturing and getting merchandise ready to fill orders. We are extremely fortunate in having in stock, pre-war materials for manufacturing and recovering awnings. If present conditions are an indication of what we may expect the balance of the year, 1946 will indeed be a banner year for us. The loyal patronage of our many customers is greatly appreciated and we hope the New Year will be as happy and prosperous for them as we confidently expect it will be for us."

Contributions should be securely wrapped and tied in bundles, coats or cloth bags. Suits and dresses should be packed as complete outfit. Shoes must be tied together in pairs, heel to toe.

## WANTED

## ATTENTION - LANDLORDS!

During the present period of Rent Ceilings, the immediate future is not too attractive. Consequently, the type tenant who occupies your house or apartment is of utmost importance.

Steady, community-minded people with good incomes, and a respect for property, are your best investment. When ceilings are removed, these people can and will pay fair rental increases. In the meantime you will find them ideal tenants.

We have a group of executives and engineers who fulfill the above qualifications.
